ANTARCTIC science

BLACKWELL SCIENTIFIC PUBLICATIONS

As the only continent entirely dedicated to scientific use, Antarctica occupies a special place in international relations. In recent years scientific activities in and around the continent have markedly increased, resulting in a rapidly growing but increasingly diffuse literature. **Antarctic Science**, to be launched in 1989, is conceived both as a response to this trend and as an attempt to provide a focus for many of the interdisciplinary interests that characterize Antarctic studies.

Editor in Chief:David W H Walton *Life Sciences & Oceanography***Editors:**Michael J Rycroft *Atmospheric Sciences*Michael R A Thomson *Earth Sciences & Glaciology***Editorial Office:**

Submission of articles

All articles should be sent to the Editorial Assistant at the Editorial Office, British Antarctic Survey. All submissions must be in English. Authors whose first language is not English are advised to seek assistance with their articles before submission. Articles submitted should not be under consideration for publication elsewhere. There is no fixed length for contributions but all should be as concise as possible. The acceptance of all articles will be subject to comments from two independent reviewers.

Subscription Information

Antarctic Science will be published quarterly from March 1989. Institutional subscription rates for 1989 are: £50.00 (UK), US\$109.00 (USA & Canada) and £62.50 (elsewhere). Personal subscription rates for 1989 are: £30.00 (UK), US\$65.00 (USA & Canada) and £37.50 (elsewhere). All rates include postage plus accelerated delivery to subscribers in all areas of the world outside Europe. All orders and requests for specimen copies should be sent to Blackwell Scientific Publications Ltd., PO Box 88, Oxford, UK.
