Invited Commentary

Invited commentary in response to: 'Identification of vitamin B<sub>12</sub> deficiency in vegetarian Indians'
L. Hannibal
967-969

Starch synthase IIIa and starch branching enzyme IIb-deficient mutant rice line ameliorates pancreatic insulin secretion in rats: screening and evaluating mutant rice lines with antidiabetic functionalities
530-580

Early changes in tissue amino acid metabolism and nutrient cycling in rats fed a high-fat diet: evidence from natural isotope abundances of nitrogen and carbon in tissue proteins
981-988

Breakfast Biology

Early effects on the intestinal barrier and pancreatic function after oral administration with probiotic or kidney bean lectin in neonatal rats
E. A. Tuma, O. Prykhodko & B. Westrum
1003-1012

Nutritional Endocrinology

Is there any difference between the iodine statuses of breast-fed and formula-fed infants and their mothers in an area with iodine sufficiency?
P. Nazeri, H. Dalili, Y. Mehrabi, M. Hedayati, P. Mirmiran & F. Azizi
1012-1018

Nutritional Immunology

Medium-chain TAG improve intestinal integrity by suppressing toll-like receptor 4, nucleotide-binding oligomerisation domain proteins and necroptosis signalling in weanling piglets challenged with lipopolysaccharide
1019-1028
The British Journal of Nutrition is an international, peer-reviewed journal publishing original papers, review articles, short communications and technical notes on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The Journal also publishes supplements on topics of particular interest.

The British Journal of Nutrition is available online to subscribers at journals.cambridge.org/bjn

Tables of contents and abstracts are available free at the same website.

The Nutrition Society has as its objective the advancement of the scientific study of nutrition and its applications to the maintenance of human and animal health.

Application of membership is invited from anyone whose work has contributed to the scientific knowledge of nutrition, whether such work has been in the laboratory, the field or the clinic, and whether experimental, clinical, agricultural or industrial in nature. There is also a similar membership scheme with reduced subscription.

Partners of The Nutrition Society and applicable forms for membership are available from The Nutrition Society, 10 Cambridge Court, 210 Sheephead Bush Road, Hammersmith, London W6 7NJ, UK.

British Journal of Nutrition
An International Journal of Nutritional Science
Volume 119, 2018 ISSN: 0007-1145

Aims and Scope

The British Journal of Nutrition is an international journal publishing original papers, review articles, short communications and technical notes on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The Journal also publishes supplements on topics of particular interest.

The British Journal of Nutrition is published twice monthly by Cambridge University Press on behalf of The Nutrition Society.

Tables of contents and abstracts are available free at the same website.
