Corrigendum
703
...to the usual conditions. Subject to payment to C.C.C. of the per-copy fee of $16.00. This consent does not extend to multiple copying for promotional or commercial purposes, which may be waived by material in the manuscript, or which might potentially bias it. This applies to all papers including editorials and letters to the editor.

Contributors should also note the following:
1. S.I. units should be used throughout in text, figures and tables.
2. Authors should spell out in full any abbreviations used in their manuscripts.
3. Foreign quotations and phrases should be followed by a translation.

REFERENCES
1. The Harvard (author-date) system should be used in the text and a complete list of References cited given at the end of the article. In a text citation of a work by more than two authors cite the first author’s name followed by et al. (but the names of all of the authors should be given in the References section). Where several references are cited together they should be listed in rising date order.
2. The References section should be supplied in alphabetical order (authors’ names in bold), journal titles in full, the same example follows:

(The online citations are from the published online prior to printed issue)

[Authors are requested to print out and keep a copy of any online-only material, in case the URL changes or is no longer maintained.]

FIGURES AND TABLES
Only essential figures and tables should be included. Further tables, figures, photographs and appendices, may be included with the online version on the journal’s website. To ensure that your figures are reproduced to the highest possible standards, Cambridge Journals recommends the following formats and resolutions for submitting electronic figures. Please ensure that your figures are saved at final publication size and are in our recommended file formats. Following these guidelines will result in high quality images being reproduced in both the print and the online versions of the journal. Line artwork: Format: tif or eps, Colour mode: black and white (also known as b-w), Resolution: 300 dpi. Black and white halftone artwork: Format: tif, Colour mode: grayscale (also known as b-w), Resolution: 300 dpi. Colour halftone artwork: Format: tif, Colour mode: CMYK colour, Resolution: 300 dpi. All photographs, graphs, and diagrams should be referred to as figures and should be numbered consecutively in Arabic numerals. Captions for figures should be typed double-spaced on separate sheets. Tables Should be numbered consecutively in the text in Arabic numerals and each one on a separate page. Tables would be typed single-spaced on separate sheets. Title and column headings should be self-explanatory.

PROOFS AND OFFPRINTS
Proofs will be sent to the author’s correspondence address. Corrections other than to printer's errors may be charged to the author. The corresponding author of each paper will receive a PDF file of his article and hard copy offprints may be purchased if they are ordered on the form supplied when the proof is returned.
