Invited Commentary

In response to: Serum 25-hydroxyvitamin D, calcium and parathyroid hormone in Native and European populations in Greenland
M. Kiely 361-363

Systematic Reviews

Effects of fructose consumption on postprandial TAG: an update on systematic reviews with meta-analysis

Dairy food consumption is associated with a lower risk of the metabolic syndrome and its components: a systematic review and meta-analysis
W. Lee, L. Lee & I. Kim 373-384

Molecular Medicine

Effects of SCFA on the DNA methylation pattern of adiponectin and resistin in high-fat-diet-induced obese male mice
Y. Lu, C. Fan, A. Liang, X. Fan, R. Wang, P. Li & K. Qi 385-392

Curcumin attenuates hepatic fibrosis and insulin resistance induced by bile duct ligation in rats
A. Eshaghian, A. Khodarahmi, F. Safari, F. Binesh & A. Moradi 393-403

Developmental Biology

Gene expression of matrix metalloproteinase 9 (MMP9), matrix metalloproteinase 13 (MMP13), vascular endothelial growth factor (VEGF) and fibroblast growth factor 23 (FGF23) in femur and vertebra tissues of the hypovitaminosis D kyphotic pig model
L. A. Amundson, L. L. Hernandez & T. D. Crenshaw 404-414

Human and Clinical Nutrition

Serum magnesium and cardiovascular mortality in peritoneal dialysis patients: a 5-year prospective cohort study

Molecular and Clinical Medicine

Serum magnesium and cardiovascular mortality in peritoneal dialysis patients: a 5-year prospective cohort study

Dietary Surveys and Nutritional Epidemiology

The trends in total energy, macronutrients and sodium intake among Japanese. Findings from the 1995–2016 National Health and Nutrition Survey
A. Saito, C. Han, W. Wei, P. Chen, N. Cho, K. Fujita, N. Tanaka & Y. Takada 424-434

Prepregnancy dietary carbohydrates quantity and quality, and risk of developing gestational diabetes: the Australian Longitudinal Study on Women’s Health
M. Lee, H. Lee & J. Kim 373-384

Reduced plasma concentration of branched-chain amino acids in sarcopenic older subjects: a cross-sectional study

Association between dietary cholesterol intake and plasma cholesterol levels in the US and New Zealand: a cross-sectional study

Behaviour, Appetite and Obesity

Identifying usual food choices at meals in overweight and obese study volunteers: implications for dietary advice
V. X. Guan, Y. C. Probst, E. P. Neale, M. Batterham & L. C. Tapsell 472-480
