

Digital technology is changing the way we look at the world.

Upgrade your existing TEM to obtain **high resolution digital images** and **digital movies**. **DualView** adds a new dimension for the material science or bioscience field. Isn't it time you made the move to digital ?

DUALVIEW

are you digital yet

- ✓ Intuitive Interface Built for Microscopists

JEOL JSM-5000 Series SEM's Multi-Purpose and Low Vacuum Scanning Electron Microscope

For more info. →

www.jeol.com

With the JSM-5000 Series Microscopes we have the perfect SEM for your projects and budget. All of these microscopes come with optional low vacuum capability and the JSM-5900 has the ability to fully view an 8 inch diameter specimen.

All were designed from the ground up as PC-SEM's. This means that they can be controlled completely and efficiently from only the keyboard and mouse, or if you prefer from the included knobset—or a combination of both. It's really whatever you prefer, which proves that we really do have your next SEM. Call us!
