Philosophy
Books and Journals from Cambridge University Press

Cambridge is widely regarded as one of the world’s premier publishers of philosophical research, having one of the most recognisable and distinguished books lists as well as a growing collection of leading journals.

Our list brings a range of high-quality books by distinguished authors to readers at both student and specialist level.

All periods and sub-areas of philosophy are covered, and the list is particularly strong in history of philosophy.

Appearing quarterly in print and online, the Journal of the American Philosophical Association provides a platform for original work in all areas of philosophy. The Journal aims to publish compelling papers written in a way that can be appreciated by philosophers of every persuasion, to review papers quickly and fairly, encouraging succinct, constructive reports, and to publish papers online within eight weeks of acceptance.

About the American Philosophical Association
With more than 9,000 members, the American Philosophical Association (APA) is one of the largest philosophical societies in the world. Founded in 1900, the APA promotes the discipline and profession of philosophy, both within the academy and in the public arena. The APA supports the professional development of philosophers at all levels and works to foster greater understanding and appreciation of the value of philosophical inquiry. The APA is based at the University of Delaware. For more information, visit http://www.apaonline.org.
