Peter Trudgill, University of Fribourg

Editorial Assistant: Jonathan Steuck

EDITORIAL POLICY
Language Variation and Change is dedicated to the description and understanding of variability and change at the levels of the speaker/hearer and the speech community. The journal will concentrate on the details of structure and process that have traditionally constituted the discipline of linguistics, as reflected in actual speech production and processing (or writing) and as systematically analyzed using quantitative methods. The interaction between language and society falls within the focus of the journal insofar as it is manifested in linguistic structure.
