Journal of the History of Economic Thought

EDITOR
Steven G. Medema, University of Colorado at Denver, USA

Journal of the History of Economic Thought (JHET) is the journal of the History of Economics Society. It has been in existence for a number of years, originally the History of Economics Society Bulletin, and for the last ten years under its present name. The work of many distinguished American and international authors has been published in its pages, and because of this and the international editorial board, it is recognised as being a first class international scholarly publication. All articles are fully peer reviewed. The journal also features a regular Book Review section which includes reviews by leading specialists. The mission of JHET is to further the objectives of the History of Economics Society. These are to promote interest in and inquiry into the history of economics and related parts of intellectual history, facilitate communication and discourse among scholars working in the field of the history of economics, and disseminate knowledge about the history of economics. JHET therefore encourages and makes available research in the fields of history of economic thought and the history of economic methodology.

Submissions: All papers should be submitted in triplicate. An abstract should be included on a separate page. We encourage authors to also send a copy of their manuscript in electronic form, either by e-mail or on a 3.5 inch floppy disk. Where possible, the file should be saved in the ‘Word for Windows’ format.

Presentation: Manuscripts should be double spaced throughout and single-sided. Please allow for generous margins and number all pages consecutively. The author should retain a copy, as submitted manuscripts cannot be returned. All papers should include a word count. Full names of the author(s) should be given, an address for correspondence, and where possible a contact telephone number, facsimile number, and e-mail address. Current and recent academic and professional affiliations should be supplied, together with a list of major publications (with dates and name of publisher) and forthcoming books.

Style: Please refer to the Business and Politics style guide, which can be found under “Instructions for authors” on the Business and Politics website (http://www.tandf.co.uk/journals/carfax/13695258.html), for information regarding footnotes, references, and other matters of style. For questions not answered in the style guide, please refer to The Chicago Manual of Style, 14th ed, or contact the BAP editorial office.

Tables and figures: should be prepared on separate sheets using originals where possible; they should not be included within the text. The author(s) should indicate clearly in the margin of the paper where tables and figures are to be inserted. Each table and figure should be numbered consecutively in Arabic numerals with an appropriate caption (e.g. Table 1, Table 2; Figure 1, Figure 2, and so on). Permission to reproduce copyright material must be obtained by the author(s) prior to submission and any acknowledgements should be included either in the text or the caption as appropriate. A camera ready copy of any tables and figures should be submitted in addition to those attached to the manuscripts.

Proofs: Authors are expected to correct and return proofs of accepted articles within 48 hours of receipt.

Offprints: Authors are entitled to 50 free offprints of their article and a copy of the issue in which their article appears. Offprints may take 3–4 weeks to deliver after publication.

Copyright: It is a condition of publication that authors vest copyright in their articles, including abstracts, in Taylor & Francis Ltd. This enables us to ensure full copyright protection and to disseminate the article, and the journal, to the widest possible readership in print and electronic formats as appropriate. Authors may, of course, use the article elsewhere after publication providing that prior permission is obtained from Taylor & Francis Ltd. Authors are themselves responsible for obtaining permission to reproduce copyright material from other sources.
