18TH WORLD CONGRESS ON DISASTER AND EMERGENCY MEDICINE

Manchester
2013

SAVE THE DATE 28th to 31st May 2013

18th World Congress on Disaster and Emergency Medicine | Manchester, UK
World Association for Disaster and Emergency Medicine (WADDEM)

On behalf of WADDEM, the Local Organising Committee of the 18th World Congress would like to invite you to join us in Manchester for this dynamic Congress. The focus will be on standards, practice and assessment in International Development, Disaster Response and Humanitarian Assistance.

There will be keynote addresses by leading global authorities, panels exploring the issues and extensive discussion in both a cosmopolitan and historical city environment.

Participants are invited to contribute by presenting their research papers orally and by poster to demonstrate new and challenging research in the field. There will be a range of pre and post congress events and short courses for education and training.

Aims and Scope: The mission of *Prehospital and Disaster Medicine* (PDM) is the distribution of information relevant to the practice of out-of-hospital and in-hospital emergency medical care, disaster health, and public health and safety. PDM provides an international forum for the reporting and discussion of scientific studies, both quantitative and qualitative, that have relevance to the above practices. The major objectives are: (1) the improvement of the types and quality of the care delivered to patients with perceived medical emergencies and to victims of multi-casualty accidents or disasters, including the public health and safety aspects of such events; and (2) the prevention and/or mitigation of the occurrence of such events and of the effects of these events upon the human population and environment.
