The British Journal for the History of Science (BJHS) is the journal of the British Society for the History of Science, the major national body for this subject in Britain. One of the premiere journals in the field, it publishes high quality papers and review articles in all aspects of the history of science. There are four issues per year comprising an annual volume of around 750 pages. BJHS also includes an extensive book review section. Occasional thematic issues are published on important problems or topics.

Contributions are very welcome. They should be sent to the Editorial Assistant, Mrs P Hatton, email bjhsassistant@btinternet.com. They are considered on the understanding that they are unpublished and are not on offer to another journal. Contributions should be submitted in electronic form as an email attachment, preferably in MS Word format.

For instructions on how to submit a paper to BJHS, visit http://www.bshs.org.uk/publications/bjhs and click on ‘Instructions for contributors’. Please be sure to follow all instructions carefully as failure to do so may impair the Editor’s and Publisher’s ability to treat the submission in a timely fashion.
