Essays on Russian Literature and the Arts

KSANA BLANK

Series: Studies in Russian and Slavic Literatures, Cultures, and History

November 2016 | 9781618115409 | \$79.00 | Cloth

In the six essays of this book, Ksana Blank examines affinities among works of nineteenth- and twentieth-century Russian literature and their connections to the visual arts and music. Blank demonstrates that the borders of authorial creativity are not stable and absolute but talented artists often transcend the classifications and paradigms established by critics.

**Three Metaphors for Life**

Derzhavin's Late Poetry

TATIANA SMOLIAROVA

*Translated by Ronald Meyer; Translated and edited by Nancy Workman*

Series: Liber Primus

May 2017 | 9781618115737 | \$79.00 | Cloth

Derzhavin's later poetry and thought is known for its "Russianness" – the archaizing vocabulary, impassable syntax, and conservative, "patriotic" ideas. What is much more rarely discussed is how this political conservatism coexisted with the poet's vivid interest in the latest achievements of the world's industry and technology, natural sciences, and all kinds of visual practices. This monograph explores this coexistence of "archaist" and "innovator" in the figure of late Derzhavin, Russian patriot and profoundly European artist.

**Brodsky Among Us**

A Memoir

ELLENDEA PROFFER TEASLEY

Series: Jews of Russia & Eastern Europe and Their Legacy

April 2017 | 9781618115782 | \$48.00 | Cloth

A searingly personal memoir of the great Russian poet by his American friend and publisher, containing much previously unknown material about how Brodsky left Russia and how he made his way in the new world, and how, during the Cold War, Americans played a crucial role in his fate.

**Acts of Logos in Pushkin and Gogol**

Petersburg Texts and Subtexts

KATHLEEN SCOLLINS

Series: Liber Primus

June 2017 | 9781618115829 | \$89.00 | Cloth

This book examines the nineteenth-century foundations of St. Petersburg's famous literary tradition, with a focus on the unifying principle of material animation. Innovative interpretations of canonical texts by Pushkin and Gogol shed new light on the powerful creative function of language in the Petersburg tradition.
