TEL

TRANSNATIONAL ENVIRONMENTAL LAW

Transnational Environmental Law (TEL) is a peer-reviewed journal that will be launched by Cambridge University Press in 2012. TEL is dedicated to the study of environmental law and governance beyond the state. It approaches legal and regulatory developments with an interest in the contribution of non-state actors and an awareness of the multi-level governance context in which contemporary environmental law unfolds.

TEL warmly invites new work on topics within the scope of the journal from scholars, lawyers and professionals active in fields related to environmental law and governance.

Further information about submissions, manuscript preparation and the Editors can be found here:

Go Mobile

CJO Mobile (CJOm) is a streamlined
Cambridge Journals Online (CJO)
for smartphones and other
small mobile devices

- Use CJOm to access all journal content including *FirstView* articles which are published online ahead of print
- Access quickly and easily thanks to simplified design and low resolution images
- Register for content alerts or save searches and articles – they will be available on both CJO and CJOm
- Your device will be detected and automatically directed to CJOm via: journals.cambridge.org

The Journal of Agricultural Science

Senior Editor (Animal papers)

Julian Wiseman, *University of Nottingham, UK*

Senior Editor (Crops & Soils papers)

Paul Bilsborrow, *Newcastle University, UK*

The Journal of Agricultural Science publishes papers concerned with the advance of agriculture and the use of land resources throughout the world. It publishes original scientific work related to strategic and applied studies in all aspects of agricultural science, including: crop and animal physiology, modelling of crop and animal systems, the scientific underpinning of agronomy and husbandry, engineering solutions, decision support systems, land use, environmental impacts of agriculture and forestry, impacts of climate change, rural biodiversity, experimental design and statistical analysis, the application of new analytical and study methods (including molecular studies). The journal also publishes book reviews and letters.

Experimental Agriculture

Editor

Dave Harris, *ICRISAT, Kenya*

Experimental Agriculture publishes the results of original research from any source on the agronomy of field, plantation and herbage crops grown for human or animal food; for industrial purposes; and on systems of agricultural production, particularly in the warmer regions of the world. It is especially concerned with experimental work designed to explain agronomic results in biological and environmental terms. The journal publishes accounts of new experimental techniques, new methods of crop production and discusses problems in countries where production is developing rapidly. There are regular book reviews and occasional, often invited, reviews of research.

Environment and Development Economics

Published in association with the Beijer Institute of Ecological Economics, Royal Swedish Academy of Sciences

Editors

Anastasios Xepapadeas, Athens University of Economics and Business, Greece

Environment and Development Economics is positioned at the intersection of environmental, resource and development economics. The Editor and Associate Editors, supported by a distinguished panel of advisors from around the world, aim to encourage submissions from researchers in the field in both developed and developing countries. The journal is divided into two main sections, Theory and Applications, which includes regular academic papers and Policy Options, which includes papers that may be of interest to the wider policy community. *Environment and Development Economics* also publishes Policy Fora (discussions based on a focal paper) and Book Reviews. From time to time the journal publishes special issues based on a particular theme.

Environmental Practice

Published for the National Association of Environmental Professionals

Editor

Tim Stretton, *Saint Mary's University, Canada*

Environmental Practice provides a multidisciplinary forum for authoritative discussion and analysis of issues of wide interest to the international community of environmental professionals, with the intent of developing innovative solutions to environmental problems for public policy implementation, professional practice, or both. Peer-reviewed original research papers, environmental reviews, and commentaries, along with news articles and points of view, link findings in science and technology with issues of public policy, health, environmental quality, law, political economy, management, and the appropriate standards for expertise.

Proceedings of the Nutrition Society

Published on behalf of The Nutrition Society

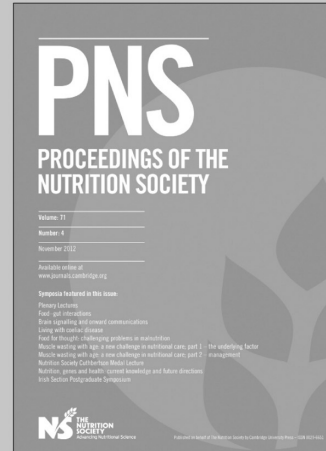

Editor-in-Chief

Maria O'Sullivan, Trinity College Medical Centre, Dublin, Republic of Ireland

Proceedings of the Nutrition Society publishes papers and abstracts presented by members and invited speakers at the scientific meetings of The Nutrition Society. The journal provides an invaluable record of the scientific research currently being undertaken, contributing to 'the scientific study of nutrition and its application to the maintenance of human and animal health.'

Seed Science Research

The official journal of the International Society for Seed Science (ISSS)

Editor-in-Chief

H.W.M. Hilhorst, Wageningen University, The Netherlands

Seed Science Research is an international journal publishing original and opinion papers, as well as reviews. The Journal deals primarily with the fundamentals of seed research with emphasis on the physiology, biochemistry, molecular biology and ecology of seed development, dormancy and germination.

The importance of seeds to propagation, food, biofuel and biodiversity is of increasing interest and therefore submissions on seed genetics, seed biotechnology, seed treatment and seedling establishment are especially encouraged if they are novel and 'seed driven'.

RESEARCH PAPERS

The role of cooperative business models for the success of smallholder coffee certification in Nicaragua: A comparison of conventional, organic and Organic-Fairtrade certified cooperatives

Tina D. Beuchelt and Manfred Zeller

195

Contribution and assessment of recycled menthol mint vermicompost on productivity and soil quality in mint and mint-rice-wheat rotation: A case study

Alok Kalra, Saket Shukla, Rakshapal Singh, Rajesh Kumar Verma, Mahesh Chandra, Saudan Singh, Virendra Kumar Singh Tomar, Alok Krishna, Mohammad Zaim, Govind Ram, Sukhmal Chand and Dharani Dhar Patra

212

Comparison of crop management strategies involving crop genotype and weed management practices in conventional and more diverse cropping systems

Robin Gómez, Matt Liebman, David N. Sundberg and Craig A. Chase

220

Opportunities and constraints to legume diversification for sustainable maize production on smallholder farms in Malawi

Wezi G. Mhango, Sieglinde S. Snapp and George Y.K. Phiri

234

Soil quality improvement under an ecologically based farming system in northwest Missouri

Robert J. Kremer and Linda F. Hezel

245

International trade of organic food: Evidence of US imports

Lydia Oberholtzer, Carolyn Dimitri and Edward C. Jaenicke

255

REVIEW ARTICLE

Reversion from organic to conventional agriculture: A review

Henriette Sahn, Jörn Sanders, Hiltrud Nieberg, Gesine Behrens, Heike Kuhnert, Renate Strohm and Ulrich Hamm

263

NEW CONCEPTS AND CASE STUDIES

Nitrogen balance as an indicator of environmental impact: Toward sustainable agricultural production

G.F. Sassenrath, J.M. Schneider, R. Gaj, W. Grzebisz and J.M. Halloran

276
