

# Three British Revolutions: 1641, 1688, 1776

Edited by J. G. A. Pocock

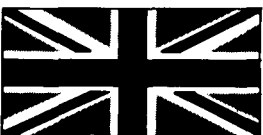

In this collection of essays, a group of distinguished American and British historians explores the relations between the American Revolution and its predecessors, the Puritan Revolution of 1641 and the Glorious Revolution of 1688. By locating the Puritan Revolution at the beginning rather than at the end of an historical period, and by focusing directly on the transition from a Tudor to a Whig aristocratic order, these scholars offer a new perspective on all three revolutions and crystallize recent research in this area.

The essays grew out of a conference sponsored by the Folger Institute of Renaissance and Eighteenth-Century Studies in May 1976. The contributors to this volume are Lawrence Stone, Christopher Hill, G. E. Aylmer, Charles Carlton, Robert Ashton, Lois G. Schwoerer, David S. Lovejoy, J. G. A. Pocock, Alison Gilbert Olson, John Brewer, and John M. Murrin.
