

CONTENTS

RYLE, MARGARET. Early reproductive failure of ewes in a hot environment. I. Ovulation rate and embryonic mortality. (With Two Text-figures)	1
SLEE, J. and CARTER, H. B. A comparative study of fleece growth in Tasmanian Fine Merino and Wiltshire Horn ewes. (With Four Text-figures)	11
WIENER, GERALD. Population dynamics in fourteen lowland breeds of sheep in Great Britain	21
WIDDOWSON, F. V., PENNY, A. and WILLIAMS, R. J. B. Experiments with nitrogen and potash on barley	29
TODD, J. R. Magnesium in forage plants. II. Magnesium distribution in grasses and clovers. (With One Text-figure)	35
LAMPKIN, G. H., HOWARD, D. A. and BURDIN, M. L. Studies on the production of beef from zebu cattle in East Africa. III. The value of feeding a phosphatic supplement. (With Three Text-figures)	39
ROBERTSON, I. S. The influence of turning on the hatchability of hens' eggs. I. The effect of rate of turning on hatchability. (With Plate I and One Text-figure)	49
ROBERTSON, I. S. The influence of turning on the hatchability of hens' eggs. II. The effect of turning frequency on the pattern of mortality, the incidence of malpositions, malformations and dead embryos with no somatic abnormality. (With Two Text-figures)	57
CHAMBERS, D. T. Grass as a food for the calf. I. The value of cut grass in the diet of the unweaned calf in comparison with hay and concentrates. (With One Text-figure)	71
CHAMBERS, D. T. Grass as a food for the calf. II. The effects of feeding grass or concentrates-with-hay during the pre-weaning period on the intake and utilization of grass during the post-weaning period. (With Two Text-Figures)	77
BOLTON, W. The effects of supplemental detergents on the digestibility of poultry diets	83
ALLEN, D. M. and LAMMING, G. E. Some effects of nutrition on the growth and sexual development of ewe lambs. (With Two Text-figures)	87
STORRY, J. E. Studies on calcium and magnesium in the alimentary tract of sheep. I. The distribution of calcium and magnesium in the contents taken from various parts of the alimentary tract. (With Two Text-figures)	97
STORRY, J. E. Studies on calcium and magnesium in the alimentary tract of sheep. II. The effect of reducing the acidity of abomasal digesta <i>in vitro</i> on the distribution of calcium and magnesium. (With Five Text-figures)	103
EVANS, R. E. The protein-saving action of synthetic lysine and methionine	111
CH'ANG, T. S. Reproductive performance of New Zealand Romney sheep grazed on red clover (<i>Trifolium pratense</i>) pastures	123
ROBINSON, T. J. The time of ovulation and efficiency of fertilization following progesterone and pregnant mare serum treatment in the cyclic ewe	129
LINDSAY, D. R. and ROBINSON, T. J. Studies on the efficiency of mating in the sheep. I. The effect of paddock size and number of rams	137
LINDSAY, D. R. and ROBINSON, T. J. Studies on the efficiency of mating in the sheep. II. The effect of freedom of rams, paddock size, and age of ewes	141

The Journal of Agricultural Science is issued every other month in parts of about 136 pages with plates and figures, three parts constituting a volume. Two volumes yearly.

Quotations for available back volumes and parts may be obtained on application to the Cambridge University Press.

Papers for publication should be typewritten or written in a very legible hand, and may be sent to SIR JOHN HAMMOND, School of Agriculture, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

If Plates in excess of one per 24 pages of text or coloured plates are submitted the author may be asked to bear the cost of such Plates.

The lettering on text figures should be clear of the illustration and indicating by blue pencilled lines the desired position.

Bibliography should be given under the heading of 'References' in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the *World List of Scientific Periodicals*), volume and page of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books are set in italics; they should be indicated on the typescript by underlining.

Contributors will receive twenty-five copies of their papers free.

The subscription price, payable in advance, is 60s. *net* per volume (post free); single numbers 25s. *net*. Subscriptions may be sent to any bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

Subscription price in the U.S.A. is \$11.50 per volume; single number \$4.25. Enquiries should be addressed to the Cambridge University Press, American Branch, 32 East 57th Street, New York 22, N.Y.
