

# Subject Index

- Abies guatemalensis* (Christmas tree), conservation through utilization 206–213
- Acinonyx jubatus* (cheetah), farmer support for conservation 430–436
- addax, reintroduction to Sahara 319
- Africa
- diclofenac 7
  - ecological footprint 474–475
  - great apes protection 7
  - red swamp crayfish spread 164
  - submarine cable system 8
- agarwood, non-timber forest products
- commercialization and ecological impact in Laos 214–221
- Alaska, gas and oil exploration 167, 321
- albatross
- long-line fishing in New Zealand 324
  - short-toed 321
- Albatross Task Force 316
- algae, smothering corals in Gulf of Mannar 475
- algal blooms, decline in cod stocks 473
- Amazon
- access controls 323
  - Brazilian environment minister resignation 323
  - deforestation rate 169
  - forest certification 229–239
  - river corridor width 323
  - Sustainable Amazon Plan 478
  - uncontacted tribe photographed 478
- amphibians
- conservation initiatives 328
  - roadside mortality 322
- Antarctica
- invasive species 170
  - Lake Vostock drilling delayed 474
- Antelope cervicapra* (Indian blackbuck), recovery from brink of extinction 487
- apes
- population of rarest 481–482
  - protection in African countries 7
  - statutory rights granted in Spain 473
  - transect surveys to detect impact of Ebola virus 367–374
- aphids, green spruce 317
- Aquilaria crassna* (agarwood), non-timber forest products commercialization and ecological impact in Laos 214–221
- Aral Sea, World Bank funding 6
- Arctic ice sheet, contours 161
- Argentina
- beaver eradication in Tierra del Fuego 478
  - jaguar population decline 554–561
- artificial insemination, kakapo breeding success 324
- Asia Pulp & Paper Co. Ltd, environmental record 315
- Atelopus cruciger* (harlequin frog), rediscovery in Venezuela 301–304
- atrazine, hormone disruption in mammals 476
- Australia
- Kyoto Protocol ratification 11
  - wader population decline 479
- Baie de Somme (France), estuary management model 265–277
- baiji sighting in Yangtze River 9
- balloon release, dangers to marine life 474
- Baltic Sea, harbour porpoise conservation 305–308, 489, 490
- Bangladesh, oil and gas industry 476
- bankers, learning from ecosystems 315
- Bar Reef Marine Sanctuary (Sri Lanka), cetacean occurrence and conservation 286–291
- bats, white nose disease 167
- bear
- Andean 437–447
  - sun 3
  - see also* polar bears
- beavers, eradication in Tierra del Fuego 478
- bees
- mining 5
  - sound use in elephant control 7
- Belize, traditional land rights of Mayan people 10–11
- Bermuda, birds 322–323
- Bhutan, tigers above 4,000 m 327–328
- biodiversity
- bottom line 486
  - carbon capture by ecosystems 316
  - decline and human health 316
  - loss and global GDP fall 472
- BioECON meeting, international payments for ecosystem services 17
- biofuels, European Union policy 162, 473
- birds
- Bermuda 322–323
  - biodiversity in San Rafael National Park 168–169
  - BirdLife Malta attacks 316
  - cavity-nesting in competition with dormice 473
  - climate change impact in Europe 162–163
  - Critically Endangered on Gough Island (South Atlantic) 473
  - decline on farmland 5
  - early warning for lead poisoning 471
  - Hungarian agreement on power lines 317
  - insect-eating: decline in Canada 321
  - new reserve in Columbia 169
  - potential threat evaluation in Greece 408–414
  - protected areas in Portugal 163
  - spring hunting ban in Malta 316–317
  - tourism in South Africa 319
  - trapping in Cyprus 163
  - wind farm conflict maps 317
- birds of prey, protection in UK 318
- bitterns
- red swamp crayfish abundance 5
  - reedbed creation 317
- Black Sea, oil slick 6
- blackbird, tricoloured 476
- blackbuck, Indian 487
- Bolivia, trade in parrots 168
- bonobos, Democratic Republic of Congo 7
- Borneo, orang-utan distribution and conservation status 329–339
- erratum 620
- Botswana
- crop-raiding reduction by elephants 83–91
  - elephant numbers and density trends 58–65
- farmer support for cheetah conservation 430–436
- Brazil
- Amazon deforestation rate 169
  - Amazon river corridor width 323
  - Atlantic forest 11
  - conservation planning for endemic terrestrial vertebrates 567–577
  - easement concession granting for private protected areas 326–327
  - environment minister resignation 323
  - forest certification in Amazonia 229–239
  - grey-winged cotinga distribution mapping and exploring 562–566
  - illegal logging 169
  - jaguar population decline 554–561
  - new environment minister 478
  - new monkey species 169
  - science and technology funding 11
  - uncontacted tribe photographed in Amazon 478
- Brookesia* (dwarf chameleon), important areas for conservation in Tsingy de Bemaraha National Park, western Madagascar 578–583
- bullfrogs, spread in Europe 5
- bumblebees, commercially reared 477
- Burma
- mangrove forest removal 320–321
  - spoon-billed sandpiper wintering 166
- bushbird, recurve-billed 11
- bustard, houbara 319
- butterflies, large blues 162
- California (USA)
- marine reserve 169
  - salmon numbers 167
  - tortoise preyed on by coyotes 321
- Calonectris diomedea borealis* (Cory's shearwater), removal of rabbits and house mice from Selvagem Grande 151–154
- Cambodia
- dugong conservation needs 113–121
  - rainforest loss and narcotics crime 481
  - sarus crane protection 8
- Cambridge Conservation Forum Annual Symposium (2008) 174–175
- Canada
- insect-eating bird decline 321
  - Kirtland's warbler 10
  - polar bears
  - conservation 504–515
  - population 322
  - protected areas 10
- Canary Islands, giant lizard 171–172
- captive breeding, turtles in China 147–150
- carbon
- capture by more biodiverse ecosystems 316
  - conservation and transition to sustainability 469–470
  - storage by waterlogged timber 471
- carbon credits, jaguar reserve creation 478
- carbon dioxide
- atmospheric levels and invasive insects 315
  - ocean acidification effects studied at ecosystem scale 471
- Cat Tien National Park (Vietnam), elephant status and conservation 92–99
- cattle ranching, large predator conflicts in Venezuela 132–138

- caviar, human preferences 472  
 Central Africa, duiker hunting sustainability models 392–399  
*Cephalophus* (duiker), hunting sustainability models 392–399  
 Cerrado (Brazil), conservation planning for endemic terrestrial vertebrates 567–577  
 cetaceans, occurrence and conservation in Bar Reef Marine Sanctuary (Sri Lanka) 286–291  
 Chagos Archipelago (Indian Ocean), seabird populations 424–429  
 chameleons, dwarf 578–583  
 cheetahs, farmer support for conservation 430–436  
*Chelonia mydas* (green turtle), regionally important rookery in Syria 456–459  
 Chennai (India), Indian blackbuck recovery from brink of extinction 487  
*Chersophilus duponti* (Dupont's lark), distribution, habitat and population size in Morocco 592–599  
 chimpanzee  
 population estimate in Nigerian montane forest 448–451  
 statutory rights granted in Spain 473  
 China  
 Chinese crested tern population 9  
 environmental catastrophe with Three Gorges Dam 9  
 illegal trade in tiger parts 318  
 Marco Polo sheep status 100–106  
*Quercus sichourensis* (Sichou oak) 15–16  
 snow leopard status and conservation 460–461  
 tiger bone wine on sale 476  
 turtle farming 147–150  
 white-handed gibbon loss 476  
 Christmas tree, *Abies guatemalensis* conservation through utilization 206–213  
 CITES  
 livelihoods of the poor 548–553  
 orchid protection 161  
 cities, green buildings 4  
 clam, age determination 4  
 climate change  
 British great tits 473  
 European birds 162–163  
 green spruce aphid damage 317  
 insect fauna impact 472  
 mass extinction 4  
 nutrient-poor grassland 472  
 origins and evolution of the conservation-poverty debate 491–503  
 polar bear conservation in Canada 504–515  
 publishing on impact of climate change on polar bears 9  
 Cocos Islands, green turtles 169  
 cod, decline in stocks 473  
 coffee, pest species impact on native organisms 143–146  
 collete colonies on Uists 5  
 Colombia  
 bird reserve 169  
 carrikeri harlequin frog rediscovery 478  
 Fuertes' parrot 323  
 recurve-billed bushbird 11  
 community conservation  
 Democratic Republic of Congo 13–14  
 disentangling links between conservation and poverty reduction 539–547  
 sarus crane conservation in India 452–455  
 condors  
 junk ingestion 9  
 lead ammunition ingestion 9  
 Congo Basin, deforestation 475  
 conservation  
 organizations in poverty alleviation in the world's wildest places 516–528  
 planning  
 endemic terrestrial vertebrates of the Brazilian Cerrado 567–577  
 umbrella species 240–245  
 poverty relationship 19–25, 26–35, 516–528  
 conservation-poverty debate origins and evolution 491–503  
 Conservation Leadership Programme workshop 328  
 Constance, Lake, cormorants 317  
 Convention on Biological Diversity 483–484  
 Cooper Island (Bermuda) national nature reserve 322–323  
 coral reefs  
 cleaner fish 472  
 lionfish attack 477  
 corals  
 illegal trade 163  
 smothering by algae in Gulf of Mannar 475  
 temperature control 170  
 Cordillera de La Costa (Venezuela), rediscovery of harlequin frog 301–304  
 Cordillera de Mérida (Venezuela), poaching risk to Andean bear 437–447  
 cormorants, Lake Constance 317  
 corporate section, biodiversity implications 486  
 corruption, fishing industry 161  
 Costa Rica  
 forest protection 10  
 salamander new species 168  
 cotinga, grey-winged 562–566  
 Cozumel (Mexico), cruise industry agreement 167  
 crabs, horseshoe 322  
 cranes  
 sarus 8, 452–455  
 whooping 166–167  
 crayfish, red swamp 5, 164  
 crocodile  
 deaths in Kruger 475  
 film of hatching 321–322  
 focal species for water resource conservation 292–295  
 freshwater: deaths and cane toads 479  
*Crocodylus niloticus* (crocodile), focal species for water resource conservation 292–295  
 crop-raiding: reduction by elephants  
 Botswana 83–91  
 Kenya 76–82  
 cruise industry agreement for Cozumel (Mexico) 167  
 crustaceans, island population on Hoboro, Japan 166  
 Cuba, ban on harvesting turtles 168  
 cycads, Uganda 325  
 Cyprus  
 bird trapping 163  
 red-footed falcon massacre 7,318  
 dam, removal 9–10  
 debt to poor nations 161  
 deforestation  
 Amazon river corridor width 323  
 Congo Basin 475  
 flood links 4  
 oil palm plantations in Papua New Guinea 169  
 rainforests 471  
 rate  
 Amazon 169  
 Papua New Guinea 478–479  
 Democratic Republic of Congo  
 bonobos 7  
 community conservation 13–14  
 wetland reserve designation 164  
*Dermodochelys coriacea* (leatherback turtle)  
 protected areas during inter-nesting period 296–300  
 rainforest logging threats 246–251  
 developing countries, infant mortality around protected areas 26–35  
 devil facial tumour disease 479  
 diclofenac, Africa 7  
 dolphins  
 balloon release dangers 474  
 River Thames sightings 5  
 Yangtze River 9  
 Doodson seed bank, Svalbard 315  
 dormice, competition with cavity-nesting birds 473  
 duck, Laysan 167  
*Dugong dugon* (dugong), conservation needs in Cambodia and Vietnam 113–121  
 duiker, hunting sustainability models 392–399  
 Durrell Wildlife Conservation Trust, amphibian conservation initiatives 328  
 earthworms, killing by ghost slug 473  
 East Africa, private protected areas 177–186  
 Eastern Arc Mountains (Tanzania)  
 giant elephant shrew new species 164  
 participatory forest management assessment 380–391  
 Ebola virus, transect surveys to detect impact on apes 367–374  
 ecological baselines, undetected species losses and food webs from Greater Yellowstone Ecosystem 139–142  
 ecological footprint, Africa 474–475  
 ecosystems, bankers learning from 315  
 edge effect, forest penetration 324  
 egg harvest, density and reproductive success effects on lesser rhea 607–610  
 electronic tag, eaten by sooty shearwater 479  
 elephants  
 age-specific mortality modelling 49–57  
 blood sampling 162  
 Cat Tien National Park, Vietnam 92–99  
 control with bee buzzing 7  
 corridor in southern India 165  
 crop-raiding reduction  
 Botswana 83–91  
 Kenya 76–82  
 cull in South Africa 319  
 demand for ivory items in Ethiopia 483
