*A*ntiphlogistine BRAND DRESSING

spread thickly from ear to ear and from chin to sternum and covered with cotton-wool and a tight bandage, is a tested method for relieving the pain and inflammation of acute laryngitis.

Due to its thermogenic potency and to its bacteriostatic action, Antiphlogistine Dressing induces an active hyperaemia in the affected area, which dilates and flushes the superficial capillaries, stimulates leucocytosis and promotes the destruction of the bacteria.

*Acute
Laryngitis*

The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY
WALTER HOWARTH

ASSISTED BY
V. E. NEGUS AND F. W. WATKYN-THOMAS

1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITOR, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & CO., 31-33 East 10th Street, New York.

WHY YOU SHOULD PRESCRIBE DeVilbiss

SPRAY N°15

First, because it conforms to the specifications of nose and throat specialists. Second, because the adjustable gold tip permits spraying in any direction. Third, because all parts are interchangeable and may be sterilised by boiling or passing the tip through a flame. Write for fully illustrated catalogue of all DeVilbiss models—post free on request.
