

INDEX OF AUTHORS.

	PAGE
BARDSLEY, DORIS A. <i>B. coli</i> as an Index of Faecal Pollution of Water Supplies	11
BOWIE, F. J. T., KINLOCH, J. PARLANE and SMITH, J. Paratyphoid Fever and <i>Aertrycke</i> Enteritis in Aberdeen—a Contrast. (With 4 Charts)	444
BROWNING, C. H. and GULBRANSEN, R. Studies on Experimental Tuberculosis in Mice. The susceptibility of Mice to Inoculation with Tubercle bacilli. (With 2 Charts)	323
BUXTON, P. A. The radiation Integrator in Vacuo, an Instrument for the Study of Radiant Heat received from the Sun. (With 2 Text-figures)	285
DAMANT, G. C. C. Notes on the “Laurentic” Salvage Operations and the Prevention of Compressed Air Illness. (With Plates I–V and 5 Text-figures)	26
DUDGEON, LEONARD S. A Study of the Intestinal Flora under normal and abnormal conditions	119
EDINGTON, J. W. and GUEST, D. Study of Tubercle Bacilli isolated from cases of Surgical Tuberculosis (chiefly Bone and Joint) in the Sheffield Area	109
FRASER, A. M., KINLOCH, J. PARLANE and SMITH, J. Sonne Dysentery in Aberdeen. (With 2 Charts)	453
GREENWOOD, M., NEWBOLD, E. M., TOPLEY, W. W. C. and WILSON, J. On the Mechanisms by which protection against Infectious Disease is acquired in “Natural” Epidemics. (With 3 Graphs)	336
GRIFFITH, FRED. Inhalation experiments on Mice with Pneumococci	1
GRIFFITH, FRED. Types of Haemolytic Streptococci in Relation to Scarlet Fever	385
GRIFFITH, HARRY D. and TAYLOR, JOHN S. The Photometry of Therapeutic Lamps. I. Relation of Photo-electric Power of Lamps to their Bactericidal Power. II. Comparison of the Emission of various Ultra-violet Sources. (With 1 Chart)	218
GUEST, D. <i>See</i> EDINGTON.	
GULBRANSEN, R. <i>See</i> BROWNING.	
HABAKKUK, E. G. A Statistical Study on “The Physique of Elementary School Children with special reference to their Mentality.” (With 8 Graphs)	295
HASLAM, J. F. C. Cancer and Race in British Guiana. (With 4 Graphs)	227
HAYNES, F. The Effects of the Inhalation of Coal and Stone Dusts on the Lungs of Pit Ponies. (With Plate VI and 4 Text-figures)	94
JAMES, G. R. The Relationship of Streptococci to Scarlet Fever	415
JENKINS, HERMIMA. Experiments on the Pasteurisation of Milk, with reference to the Efficiency of Commercial Pasteurisation	273
KINLOCH, J. PARLANE, SMITH, J. and TAYLOR, J. S. The Aberdeen Outbreak of Milk-borne Gaertner Enteritis, July, 1925. (With 2 Charts)	434
KINLOCH, J. PARLANE. <i>See</i> BOWIE, FRASER.	
KRIKORIAN, K. S. <i>See</i> STUART.	
LEERSUM, E. C. VAN. The Vitamin C Content of Electrically treated Milk. (With Plate VII and Graphs 1–12)	461
LOCKHART, LEONARD P. The Measurements of Bacterial Virulence and of certain allied properties, with special reference to the Virulence of <i>B. aertrycke</i> . (With 6 Charts and 12 Diagrams)	50

	PAGE
MACKIE, T. J. and WATSON, H. FERGUSON. On the Immunological Nature of the Principle in Serum responsible for the Wassermann Reaction, with reference also to the Flocculation Reaction of Sachs and Georgi. (With 14 Charts)	176
NEWBOLD, E. M. <i>See</i> GREENWOOD.	
OKELL, C. C. and PARISH, H. J. The Virulence Testing of the Diphtheria Bacillus and its Practical Application	355
PARISH, H. J. <i>See</i> OKELL.	
RIDEAL, E. K. <i>See</i> WOLF.	
RUSSELL, W. T. <i>See</i> YOUNG.	
SCOTT, W. M. The "Thompson" Type of Salmonella	398
SCOTT, W. M. Food-poisoning due to <i>Bacillus suispestifer</i> (Sub-group II)	406
SMITH, J. The Serological Classification of Haemolytic Streptococci obtained from Cases of Scarlet Fever	165
SMITH, J. and TAYLOR, J. S. The Dick Test in Scarlet Fever Patients and in Normal Individuals	90
SMITH, J. <i>See</i> BOWIE, FRASER, KINLOCH.	
STEWART, F. H. Mendelian Variation in the Paracolon Mutabile Colon Group and the application of Mendel's Principles to the Theory of Acquired Virulence	237
STEWART, F. H. The nature of the Factor inhibiting the Fermentation of a Sugar in the Mutabile and Paracolon forms of <i>Bacillus neapolitanus</i> Emmerich	333
STUART, G. and KRIKORIAN, K. S. Meningitis due to <i>B. enteritidis</i> Gaertner. (With 1 Chart)	160
TAYLOR, J. S. <i>See</i> GRIFFITH, KINLOCH, SMITH.	
TOPLEY, W. W. C. <i>See</i> GREENWOOD.	
WATSON, H. FERGUSON. <i>See</i> MACKIE.	
WILSON, G. S. The Relation between the Age and the Virulence of Cultures of <i>B. aertrycke</i> (Mutton). (With 1 Chart)	142
WILSON, G. S. The Proportion of Viable Bacilli in Agar Cultures of <i>B. aertrycke</i> (Mutton), with special reference to the change in size of the Organisms during growth and in the Opacity to which they give rise. (With 1 Chart)	150
WILSON, J. <i>See</i> GREENWOOD.	
WOLF, C. G. L. and RIDEAL, E. K. Precipitation Phenomena and the Wassermann Reaction	366
YOUNG, MATTHEW. The Variation in the Mortality from Cancer of different Parts of the Body in Groups of Men of Different Social Status. With an Appendix by H. E. Soper	209
YOUNG, MATTHEW and RUSSELL W. T. A study of the Longevity of Males at different periods in the history of Great Britain and Ireland from the Sixteenth to the beginning of the Nineteenth Century, based on Data from the <i>Dictionary of National Biography</i> and <i>Burke's Peerage and Baronetage</i> . (With 2 Graphs)	256
