## STATEMENT OF AIMS

The *European Political Science Review (EPSR)* publishes high quality scholarly research in political science, focusing on the most important debates in the discipline and demonstrating the highest possible standards in conceptualisation, theorisation and methodology. Submissions should emphasise why they are of interest to a broad readership across sub-disciplines and should engage with central theoretical debates in political science. *EPSR* welcomes empirical papers based on either qualitative or quantitative methodologies. These papers should be placed in the context of larger (theoretical) debates in the discipline. *EPSR* also welcomes conceptual and theoretical papers as well as contributions from the field of normative political theory.

*EPSR* is not concerned solely with European political issues nor is it conceived as exclusively for European scholars. Submissions dealing with global issues and non-European topics are very much welcome.

We wish the journal's readership to be as wide and diverse as possible, including both scholars and practitioners. Therefore articles should be written in an accessible manner with a minimum of jargon and insider language.

# THE IMPOSSIBLE OFFICE?

## THE HISTORY OF THE BRITISH PRIME MINISTER

SIR ANTHONY SELDON  
Assisted by Jonathan Meakin and Illias Thoms

Marking the third centenary of the office of Prime Minister, this book explains how and why it has endured longer than any other democratic political office. Sir Anthony Seldon, historian of Number 10 Downing Street, explores the lives and careers of our great Prime Ministers, discussing which have been most effective and why.

'A brilliant, panoramic survey of the fifty-five individuals who have been prime minister since Robert Walpole - and their families too... A must read.'  
*Andrew Adonis, former transport minister, education minister and Head of No. 10 Policy Unit, and author of Ernest Bevin, Labour's Churchill*

'Three hundred years of one of the world's most difficult jobs is worth some reflection - and there is no better way to go about that than to read this excellent book... There is much here to inform everyone from the general reader to the political addict.'

*William Hague, former Leader of the Opposition, First Secretary of State, Foreign Secretary, and Leader of the House of Commons*
