Published by Cambridge University Press

Palliative & Supportive Care is an international journal of palliative medicine that focuses on the psychosocial, psychological, spiritual, emotional, ethical, and philosophical aspects of palliative care. The journal aims to serve as an educational resource for practitioners from a wide array of disciplines engaged in the delivery of care to those with life-threatening illnesses along the entire continuum of care from diagnosis to the end of life.

Paperback $105.00/hardback $135.00

Institutions electronic only: US $586.00 in the USA, Canada, and Mexico; UK £339.00; other VAT-eligible countries: VAT incl.; other countries: VAT excl.

Cover price includes online access to full-text articles.
