1. submissions
Submission of contributions to the European Review of Economic History is fully electronic through the Editorial Expression e-submission system.

For further details on how to submit, go to the Information for Contributors page at www.journals.cambridge.org/ereh.

Submission of a paper will be taken to imply that it is unpublished (even in a language other than English) and is not being considered for publication elsewhere. Upon acceptance of a paper, the authors will be asked to assign the copyright (on certain conditions) to the European Historical Economics Society.

Contributors are responsible for obtaining permission to reproduce any material in which they do not hold copyright for worldwide publication in all formats and media, including electronic publication, and for ensuring that the appropriate acknowledgements are included in the manuscript.

2. manuscript preparation
The recommended length for articles is 8,000–10,000 words. Notes and contributions to debates should be 4,000–5,000 words. To ensure double-blind refereing, the main body of the paper should be fully anonymized, and not include the author’s name or affiliation. All figures or tables should appear at the end of the main text body and should each be numbered consecutively. PDF format is strongly preferred for the main paper file. A title page with the author’s name, mailing address and title of the manuscript should be provided as a separate file. An abstract of 100–150 words should also appear in a separate file.

Upon acceptance, the author will be expected to provide all material on editable standard word and graphics processing files. The publisher reserves the right to type-set material by conventional means at the author’s cost if the files provided by the author prove insufficient.

Manuscripts should be submitted in a separate file. For quotations, single quotation marks should be used, with double quotation marks only used for quotations within quotations. Quotations of more than 50 words should be set off from the text and indented without quotation marks.

Numbers up to ten should be spelled out, but Arabic numbers should be used thereafter. Standard contractions should be used, e.g. for millon. Use the dates 26 November 1935, 1930s, and twentieth century (noun). Standard contractions should be used, e.g. m for million.

3. text conventions
British spelling is preferred. Words or phrases in other languages except for proper names, or quotations or words in common usage should be in italics.

For quotations, single quotation marks should be used, with double quotation marks only used for quotations within quotations. Quotations of more than 50 words should be set off from the text and indented without quotation marks.

Numbers up to ten should be spelled out, but Arabic numbers should be used thereafter. Standard contractions should be used, e.g. for millon. Use the dates 26 November 1935, 1930s, and twentieth century (noun).
