SPECIAL ISSUE: CLARIFYING THE COMPLEXITIES OF CANNABIS AND COGNITION

Co-organizers: Krista M. Lisdahl, Francesca M. Filbey, and Staci A. Gruber

INTRODUCTION

515 Introduction to JINS Special Issue: Clarifying the Complexities of Cannabis and Cognition

K.M. Lisdahl, F.M. Filbey, S.A. Gruber

RESEARCH ARTICLES

520 The Alerting and Orienting Systems of Attention Are Modified by Cannabis Dependence

533 Cannabis Use, Age of Initiation, and Neurocognitive Performance: Findings from a Large Sample of Heavy Drinking Emerging Adults

M. Parlar, E. MacKillop, T. Petker, J. Murphy, J. MacKillop

546 Preliminary Evidence for Cannabis and Nicotine Urinary Metabolites as Predictors of Verbal Memory Performance and Learning Among Young Adults

N.E. Wade, R. Baca, K.E. Courtney, C.J. McCabe, M.A. Infante, M.A. Huestis, J. Jacobus

559 Residual Effects of Cannabis Use on Effort-Based Decision-Making

M.B. Taylor, F.M. Filbey

570 Differential Cognitive Performance in Females and Males with Regular Cannabis Use

581 Female Sex as a Protective Factor in the Effects of Chronic Cannabis Use on Verbal Learning and Memory

R. Hirst, D. Vaughn, S. Arastu, A. Deneen, H. Pilavjian

592 Sex Differences in Neuropsychological Functioning are Domain-Specific in Adolescent and Young Adult Regular Cannabis Users

607 Cannabis Use and Brain Volume in Adolescent and Young Adult Cannabis Users: Effects Moderated by Sex and Aerobic Fitness

621 Initiation of Moderately Frequent Cannabis use in Adolescence and Young Adulthood is Associated with Declines in Verbal Learning and Memory: A Longitudinal Comparison of Pre- versus Post-Initiation Cognitive Performance

N. Ajmera, P.F. Collins, H. Weiss, M. Luciana

637 Evidence Lacking for Cannabis Users Slacking: A Longitudinal Analysis of Escalating Cannabis Use and Motivation among Adolescents

I. Pacheco-Colón, S.W. Hawes, J.C. Duperrouzel, R. Gonzalez

648 An Observational, Longitudinal Study of Cognition in Medical Cannabis Patients over the Course of 12 Months of Treatment: Preliminary Results

K.A. Sagar, M.K. Dahlgren, A.M. Lambros, R.T. Smith, C. El-Abboud, S.A. Gruber

661 Daily Cannabis Use is Associated With Lower CNS Inflammation in People With HIV
