In the published version of this paper, there is an error in the abstract. Where the abstract reads: “In this paper, I examine the unpublished *First World War* diaries of Giovanni Pirelli—heir to the helm of the Pirelli tire company—for their account of how the war and fall of Fascism may have catalyzed his dissociation from his family, his class, and his ideological foundation” it should instead read “In this paper, I examine the unpublished *Second World War* diaries of Giovanni Pirelli—heir to the helm of the Pirelli tire company—for their account of how the war and fall of Fascism may have catalyzed his dissociation from his family, his class, and his ideological foundation.”
