Imperial College of Science and Technology

COURSES IN AGRICULTURAL CHEMISTRY and Allied Subjects

Fee £22. 10s. 0d. per annum

Students are prepared for the Higher Degrees of the University of London (by Research or Dissertation) and for the Fellowship of the Institute of Chemistry (Branch F.—Agricultural Chemistry).

Arrangements are made for the study of the Chemistry of Soils, Fertilizers, Feeding Stuff, and Farm Products; Plant and Animal Nutrition, Insecticides, Fungicides, etc., and will include courses of lectures, laboratory instruction, together with demonstrations and practical work at the College Biological Field Station at Slough.

Intending students should apply to the Registrar

ECONOMIC POLICY FOR AMERICAN AGRICULTURE

Edited by Edward A. Duddy

Eleven leading agricultural economists discuss taxation, land utilization, consumption trends, standard of living, and all factors that need to be considered in framing a unified national policy. 12s. net

ADULT EDUCATION AND RURAL LIFE

Proceedings of the 15th American Country Life Conference. 9s. 6d. net

SELECTIVE FERTILIZATION

By Donald P. Jones

The factors operating in the plant and animal world to influence choice in mate selection. 9s. 6d. net

THE HARD WINTER WHEAT POOLS

An Experiment in Agricultural Marketing Integration.

By Joseph G. Knapp. 7s. net

CHINESE FARM ECONOMY

By J. Lossing Buck

A survey of the year's business on 2866 farms in 17 localities, combining factual data, technical management and social phases. 24s. net

AGRICULTURE IN THE CHICAGO REGION

By E. A. Duddy

The location, nature, and value of agriculture within the area of a metropolis. 19s. net

Agents for Great Britain and Ireland

Cambridge University Press: FETTER LANE, LONDON, E.C.4
The Direct Planting and Transplanting of Rice in China. T. H. Shen.
Renovation of an Old Lawn. F. A. Welton and J. C. Carroll.
Border Rows of Oat Plats as Affecting Yields and Variability. C. K. McClelland.
The Calcium, Phosphorus, and Nitrogen Content of Grasses and Legumes and the Relation of These Elements in the Plant. Harley A. Daniel.
The Effect of Type of Endosperm Upon Carbohydrate Distribution in the Mature Corn Plant. W. B. Kemp and Paul R. Henson.
Accuracy of the Percentage of Lint Cotton Determined on Small Laboratory Gins. J. T. Vantine.

Book Reviews: Collings' Commercial Fertilizers, Their Source and Use—Wright's Soil Analysis.

SUBSCRIPTION
Price $5.00 per volume (12 numbers) in United States and Canada, $5.50 elsewhere.

ADDRESS ALL COMMUNICATIONS TO
J. D. Luckett, Editor
Journal of the American Society of Agronomy
Geneva, N.Y., U.S.A.
This new journal offers agricultural research workers a medium for disseminating the records and results of their investigations on the feeding and management of livestock, cultivation and manuring of crops, trial of farm machinery, agricultural economics, and experimental technique.

**CONTENTS**

July 1934

- **F. P. Ferwerda**: The Vegetative Propagation of Coffee.
- **P. J. S. Cramer**: Early Experiments on Grafting Coffee in Java.
- **O. V. S. Heath**: A Simple Apparatus for Measuring the Compactness of Soil in the Field, and some Results obtained in a Cultivation Experiment. With Plates 4 and 5.
- **G. E. Blackman**: The Control of Annual Weeds in Cereal Crops by Dilute Sulphuric Acid.
- **William Davies**: Pasture Legumes in Relation to Grassland Improvement in Australia.
- **William Robb**: Oat-breeding in Scotland.
- **G. W. Robinson**: The Soils of Wales.
- **D. H. Robinson**: Birdsfoot Trefoil in Agriculture

**THE FOUNDATIONS OF AGRICULTURAL ECONOMICS**

**TOGETHER WITH AN ECONOMIC HISTORY OF BRITISH AGRICULTURE DURING THE GREAT WAR**

**By J. A. Venn**

_A second edition, rewritten throughout, reset and enlarged by the addition of seven new chapters_

_20 plates._ 25s. net

"If everyone before writing on the topic were compelled to pass an examination in Mr Venn's book, much less nonsense would be talked and written, at least by those scribes who 'mean well.' The book deserves a place beside those by Lord Ernle and Sir Daniel Hall, for the interest and attractiveness of its style, as well as for its richness in information."

"There are several books on historical agriculture in the market, but there is none that deals with the subject on quite the same lines as that of Mr Venn, and we feel sure that it will always be a book of reference for future writers, and it should be in the hands of all who are making a present-day study of the subject."
