rcBT is an interdisciplinary, peer-reviewed journal aimed primarily at practitioners of cognitive behaviour therapy in the helping and teaching professions. It features papers covering clinical and professional issues, which contribute to the theory, practice and evolution of the cognitive and behavioural therapies. The journal publishes papers that describe new developments, are practice-focused, detail clinical interventions, research reports, case reports, practice audits, and reviews of clinical scales. The journal also publishes papers that have an education, training or supervision focus, or reviews of recently published literature.
