# Environmental Practice

Published for the National Association of Environmental Professionals

Editor Tim Stretton, Saint Mary's University, Canada

*Environmental Practice* provides a multidisciplinary forum for authoritative discussion and analysis of issues of wide interest to the international community of environmental professionals, with the intent of developing innovative solutions to environmental problems for public policy implementation, professional practice, or both. Peerreviewed original research papers, environmental reviews, and commentaries, along with news articles and points of view, link findings in science and technology with issues of public policy, health, environmental quality, law, political economy, management, and the appropriate standards for expertise. *Environmental Practice* is available online at: http://journals.cambridge.org/enp
