Series Editor**

Published at the Department of Geological Sciences, The University of Tennessee, Knoxville, Knoxville, TN 37996-1410

Paleontological Society Special Publication 4  
ISBN 0-931377-04-2  
UTK Publication EO1-1040-011-89

The University of Tennessee, Knoxville, does not discriminate on the basis of race, sex, color, religion, national origin, age, handicap, or veteran status in provision of educational opportunities.

UTK does not discriminate on the basis of sex or handicap in the educational programs and activities which it operates, pursuant to requirements of Title IX of the Educational Amendments of 1972, Public Law 92-318; and section 504 of the Rehabilitation Act of 1973, Public Law 93-112; respectively. This policy extends both to employment and admission to the University.

Inquiries concerning Title IX and Section 504 should be directed to the Director of Affirmative Action; 403-B Andy Holt Tower; The University of Tennessee, Knoxville, Tennessee 37996-0144; (615) 974-2498. Charges of violations of the above policy should be directed to the Office of the Director of Affirmative Action.

## CONTENTS

## GENERAL

Introduction .....	i
1. Some perspectives on preservation - Ellis L. Yochelson .....	1
2. Occurrence of fossils in rocks - J. Thomas Dutro, Jr. ....	6
3. Diagenetic alteration of fossil composition - Donald W. Boyd ....	14
4. Selection of appropriate preparation techniques - Rodney M. Feldmann .....	24
5. Health hazards in the paleontology laboratory - Katherine M. Thomas .....	30
6. Selective bibliography of paleontologic techniques (1964-1988) - Joseph T. Hannibal .....	37

## TECHNIQUES FOR MICROPALAEONTOLOGY

7. Mechanical and chemical techniques for separating microfossils from rock, sediment, and residue matrix - Anita G. Harris and Walter C. Sweet .....	70
8. Basic guidelines for palynomorph extraction and preparation from sedimentary rocks - Ronald J. Litwin and Alfred Traverse ....	87
9. Mechanical extraction of microfossils - Jean M. Berdan .....	99

## INTERNAL ANATOMY AND MICROSTRUCTURE

10. Techniques for studying molluscan shell microstructure - Joseph G. Carter and Wallace W. Ambrose .....	101
11. Making thin sections - Neil A. Wells .....	120
12. Techniques for impregnation of friable specimens - Neil A. Wells .....	132
13. Preparation of acetate peels - Mark A. Wilson and Timothy J. Palmer .....	142
14. Preparation of serial sections - Michael R. Sandy .....	146
15. Computer assembly of serial sections - Ralph E. Chapman .....	157
16. X-radiographic techniques and applications - Rainer Zangerl and Hans-Peter Schultze .....	165
17. X-ray analysis using energy dispersive and wavelength dispersive spectroscopy - Roy E. Plotnick and Gene Harris .....	179

## TECHNIQUES FOR MEGAFOSSILS

18. Hand-held mechanical preparation tools - Dan S. Chaney .....	186
19. Mechanical extraction of fossils: extraction by hammers, chisels, and picks - Norman F. Sohl .....	204
20. Techniques for mechanical preparation of smaller fossils -	

Allison R. Palmer .....	208
21. Uses of ultrasonic cleaners in paleontological laboratories - John Pojeta, Jr. and Marija Balanc .....	213
22. Heating and quenching of fossils - John Pojeta, Jr. and Marija Balanc .....	218
23. Freezing and thawing of fossils - John Pojeta, Jr. and Marija Balanc .....	223
24. The air-abrasive technique - Joseph T. Hannibal .....	227
25. Extraction of fossils from carbonates by acid - Richard E. Grant .....	237
26. Stabilizing pyritic material - Donald L. Wolberg .....	244
27. Glues and other stick'ums and patch'ums, stabilizing compounds for strengthening fossils - Donald L. Wolberg .....	249
28. Screen-washing unconsolidated sediments for small macrofossils - Barry B. Miller .....	260
29. Techniques for collecting large vertebrate fossils - Michael T. Greenwald .....	264

#### REPLICATION OF FOSSILS

30. Latex casting of macroinvertebrate fossils - Ronald L. Parsley .	275
31. Enlarging latex molds and casts - Mark A. Wilson .....	282
32. Mold making with room temperature vulcanizing silicone rubber - Dan S. Chaney .....	284
33. Making a multiple-piece mold - J. Smith and B. Latimer.....	305
34. Casting with plaster of Paris - Loren E. Babcock .....	320
35. Casting with resins - J. Smith and B. Latimer .....	326
36. Preparation of hollow casts - J. Smith and B. Latimer .....	331

#### PALEONTOLOGICAL ILLUSTRATION

37. Photographic procedures - Rodney M. Feldmann .....	336
38. Whitening fossils for photographic purposes - Rodney M. Feldmann .....	342
39. Preparation of stereoscopic photographs - Rodney M. Feldmann....	347
40. Scanning electron microscopy and photomicrography - Walter C. Sweet .....	351
41. Preparation of paleontological plates - Rodney M. Feldmann.....	356
