Position in Finance and Business Economics
UNIVERSITY OF WASHINGTON

The Department of Finance and Business Economics is planning to hire a qualified candidate for an Assistant Professor position in International Finance. The position may be available at the Associate or Full Professor level for exceptionally qualified faculty. We are looking for persons with the capability and desire to engage in original research. The duties for this position include teaching (graduate and undergraduate classes) and research. Candidates must have or be completing a Ph.D. degree. The preferred starting time is Autumn Quarter 1997.

Candidates should send, no later than January 31, 1997, a cover letter indicating research and teaching interests, a vita, a summary of courses taken, the names of four references, and any available examples of recent research to:

Professor Lawrence D. Schall, Chair
Department of Finance and Business Economics
School of Business Administration
University of Washington
Box 353200
Seattle, WA 98195-3200

The University of Washington is building a culturally diverse faculty and strongly encourages applications from female and minority candidates. The University is an Equal Opportunity/Affirmative Action employer.

EMORY UNIVERSITY
Roberto C. Goizueta Business School
Finance Faculty Position

The Finance Area of the Goizueta Business School of Emory University is seeking applicants for a faculty position at the rank of Assistant Professor (or higher). Current full-time Finance faculty include: George J. Benston, David W. Blackwell, Paul Irvine, Omesh Kini, Shehzad Mian, James Rosenfeld, Jeffrey Rosensweig, and Nicholas Valerio.

The Goizueta Business School is an integral part of Emory University, a private institution founded in 1836, which is situated on a large wooded campus in the Atlanta metropolitan area. Approximately 9,000 students, over half of whom are graduate students, are enrolled at the university. Although relatively small in size, Emory has been consistently rated among the top 20 national universities.

Interested candidates should have a strong record of (or considerable promise for) excellence in research and teaching. The salary will be competitive. The Goizueta Business School is an Equal Opportunity/Affirmative Action employer.

Candidates should send a current vita, along with a sampling of their research and teaching activities. These materials should be sent directly to Professor Shehzad Mian, Finance Area Coordinator, Goizueta Business School, Emory University, 1602 Mizell Drive, Atlanta, GA 30322. Tel. (404) 727-2755; Fax (404) 727-6313.

JFQA Style Requirements

Manuscripts must be submitted in quadruplicate with a cover page showing title, author name(s) and affiliation(s), and work phone number(s). The first page of text should begin with the title only. A short one-paragraph abstract of no more than 100 words must be included. Manuscripts must be typed double-spaced on one side of the page. Underline only words or phrases that are to be italicized; do not underline headings or subheadings, or use boldface type. All sections of the paper, beginning with the introduction and ending with a conclusion or summary, must be numbered with Roman numerals. Subsection headings must be lettered A, B, C, etc.

The manuscript should explain its relation to other research in the field, especially recently published material. References cited in the text should be noted by the last name(s) of the author(s) followed by the publication year enclosed in parentheses without punctuation: Smith (1988). When a particular page, section, or equation is referred to, the reference also should be placed within parentheses: (Smith and Jones (1988), p. 222), (Green (1988a), eq. 3).

Lengthy mathematical proofs and extensive tables should be placed in an appendix or omitted from the manuscript entirely. In the latter case, the author may indicate in a footnote that proofs or tables are available on request. The author should make every effort to explain the meaning of mathematical proofs.

The author should check the manuscript for clarity, grammar, spelling, and punctuation in order to minimize the number of editorial changes and the necessity of expensive corrections at the proof stage. All abbreviations must be defined.

Equations. All but very short mathematical expressions should be displayed on a separate line and centered. Important displayed equations must be identified by consecutive Arabic numerals in parentheses on the left. Expressions should be aligned and subscripts and superscripts clearly marked to avoid confusion. Please differentiate between the letter l (ell), the numeral 1 (one), the letter o (oh), and the numeral 0 (zero) with marginal notes.

Tables. Each table must be titled and numbered consecutively with Arabic numerals. Please check the text to make sure there is a reference to each table. Type each table on a separate page and indicate by marginal notations its approximate placement in the text. General footnotes should be marked as "Notes:" and a, b, c, etc., marked for specific footnotes. Asterisks * or ** indicate significance at the 5- and 1-percent levels, respectively. If tables are typed on oversized paper, please submit the oversized paper in lieu of poorly reproduced reductions. The author should check tables to be sure that totals are correct and that the title, column headings, footnotes, etc., clearly explain the content of the table.

Figures. Figures must be titled and numbered consecutively with Arabic numerals. Captions should present sufficient information to describe the purpose of the figure. Figures for accepted manuscripts must be of professional quality, ready for reproduction, executed on white paper in black ink, with clear, medium-weight black lines. All lettering on figures must be rendered by an artist in pen and ink, by means of dry transfer letters, or by applying typeset material to prepared artwork. Typewritten lettering will not be accepted. Figures generated by laser printer are acceptable.

Footnotes. Footnotes must be typed double-spaced and placed on separate sheets at the end of the manuscript. Footnotes must not be used for the purpose of citation. Footnotes with extensive content should be avoided.

References. All works cited in the text must be alphabetically arranged in a double-spaced list at the end of the manuscript. Examples:

Statement of Ownership, Management, and Circulation

(Required by 39 USC 3681)

1. Publication Title: Journal of Financial and Quantitative Analysis

2. Publication Number: Four

3. Date Filed: 10-7-96

4. Issue Frequency: Quarterly: March, June, September, and December

5. Number of Issues Published Annually: Four

7. Complete mailing address of known office of the publication (not present): Journal of Financial and Quantitative Analysis, Box 353200, University of Washington, Seattle, WA 98195-3200

8. Complete mailing address of headquarters for general business office of publisher (not present)

9. Full names and complete mailing address of Publisher, Editor, and Managing Editor (If not same listed)

Publisher: Journal of Financial and Quantitative Analysis, Box 353200, University of Washington, Seattle, WA 98195-3200

10. Owner: University of Washington

11. Known Bondholders, Mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities

12. Complete mailing address of School of Business Administration, University of Washington

13. Publication Title: Journal of Financial and Quantitative Analysis

15. Extent and Nature of Circulation

- Average No. Copies Each Issue During Previous 12 Months
- Actual No. Copies of Single Issue Published Nearest to Filing Date

16. Paid and Requested

- 3700
- 3700

17. Copies not Distributed

- 673
- 620

18. Publication of Statement of Ownership

- I certify that all information furnished on this form is true and correct. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on this form may be subject to criminal sanctions (including fines) and civil penalties (including multiple damages and costs).
