The British Journal of Nutrition is an international, peer-reviewed journal publishing original papers, review articles, short communications and technical notes on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The journal recognizes the multidisciplinary nature of nutritional science and encourages the submission of material from all of the specialties involved in research and clinical practice. The journal also publishes supplements on topics of particular interest.

Claims for non-receipt of journal issues will be considered if made within 3 months of the issue date. Back volumes of the annual volume are normally supplied to subscribers to this journal published in the course of the year. Back issues are supplied free of charge to subscribers, and at cost to non-subscribers. Claims for non-receipt of journal issues will be considered if made within 3 months of the issue date.
