TAYLOR, A. W. The Development of West African Strains of <i>Trypanosoma gambiense</i> in <i>Glossina tachinoides</i> under Normal Laboratory Conditions, and at Raised Temperatures. (With Plate XVII, containing 4 Figures)	401
MELLANBY, KENNETH. Effects of Temperature and Humidity on the Metabolism of the Fasting Bed-Bug ( <i>Cimex lectularius</i> ), Hemiptera. (With 3 Figures in the Text)	419
BUXTON, P. A. The Relation of Adult <i>Rhodnius prolixus</i> (Reduviidae, Rhynchota) to Atmospheric Humidity. (With 4 Figures in the Text)	429
IMMS, A. D. Observations on some Parasites of <i>Oscinella frit</i> Linn. Part II. (With 2 Figures in the Text)	440
MURRAY, F. V. Correction. Note on a Microcotylid from <i>Sciaena antarctica</i> .	448

*PARASITOLOGY* is published about four times a year. The numbers afterwards are issued in volumes each containing four numbers.

Papers for publication should be sent to THE EDITORS OF *PARASITOLOGY*, Molteno Institute, Downing Street, Cambridge. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editors for publication are understood to be offered to *PARASITOLOGY* alone, unless the contrary is stated.

Contributors receive twenty-five copies of their papers free. Additional copies, not exceeding one hundred (except in special cases), may be had at cost price: these should be ordered when the final proof is returned.

The subscription price is £2. 15s. per volume (post-free), payable in advance; single numbers 18s. 6d. net (double number 37s. net). Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Fetter Lane, London, E.C. 4.

The Cambridge University Press has appointed the University of Chicago Press agent for the sale of *Parasitology* in the United States of America and has authorised the following prices: Subscription \$13.50 net per volume; single numbers \$4.50 net each, double numbers \$9.10 net each.
