Economics
Books and Journals from Cambridge University Press

Cambridge’s economics list is renowned for the breadth and quality of its publishing.

Our book list is home to the work of some of the most important economists in the history of the discipline, most notably John Maynard Keynes, as well as the work of almost 30 Sveriges Riksbank Nobel Prize laureates, including Kenneth Arrow, Herbert Simon, Robert Solow and Joseph Stiglitz.

This is complemented by a cluster of key journals such as Econometric Theory, Journal of Economic History and Journal of Financial and Quantitative Analysis.

Notes for Contributors

Contributions. Contributions are welcome from anyone. They should be written in English.

Aims and Scope/Editorial Policy. Macroeconomic Dynamics publishes research of the highest theoretical, empirical or quantitative sophistication. Papers of high quality are welcome from all areas of macroeconomics and from all parts of the world, as long as the research is founded in a rigorous scannable approach. Major advances in macroeconomics without immediate implications for policy, or even if they show potential for application in the future. Occasional book reviews, announcements, conference proceedings and interviews are also published. Special issues appear in the journal’s Supplements section, having its own Special Issues Editors. An electronic version of the journal will be published simultaneously with the paper version enabling immediate access to the best current research in Macroeconomics.

Home Page. The journal has a home page on the web which is a source of further information about the journal. The location of the home page is http://www.economics.eprints.org/interim/edm.html. Information about Macroeconomic Dynamics may also be viewed at journals.cambridge.org/edm/.

Manuscript Submission. The submission procedure must have been constructed to electronic uploading of pdfs to the journal’s server. To submit, follow the instructions provided at http://economics.eprints.org/interim/edm.html. Questions about the submission procedure can be directed to the Editorial Information System Manager. Stephen Spear, speare@cmu.edu or you may contact William A. Barnett at Barnett@ku.edu.

Special Issues. The chief editor can publish special issues in its Supplements section. Proposals for special issues should be submitted in the same way as regular manuscripts. If accepted, Special Issues Editors and should include a table of contents and at most one prepublication guest editor.

Originality and Copyright. Manuscripts are accepted for review on the understanding that the same work has not been and will not be published nor is presently submitted for publication elsewhere. While all editorial review, it is the responsibility of the author to keep the Editor informed about submissions, publication plans, and actual publication. Claims about acceptance of material elsewhere or not in the form published should be clearly above and below the line, respectively. Theorem, lemma, and proposition statements should appear in italics. Printed footnotes to the text should follow the same style as citations. End-of-proof signposts should appear as such: either \[Q\] or \[Q,\] typeset in italics.

Automation. The journal has a home page on the web which is a source of further information about the journal. The location of the home page is http://www.economics.eprints.org/interim/edm.html. Information about Macroeconomic Dynamics may also be viewed at journals.cambridge.org/edm/.

End-of-proof signposts should appear as such: either \[Q\] or \[Q,\] typeset in italics.
