Career Survey of Overseas Psychiatrists Successful in the MRCPsych Examination. Surya Bhate, Ruth Sagovsky and John L. Cox

The authors write: It has been pointed out to us that there were discrepancies between Tables I and II in the above article (*Bulletin*, May 1986, 10, 121–123). We have re-analysed the data and it appears that inadvertently graduates of UK, Asian and Eire Medical Schools not working in the UK were included in the analysis contained in Table II. Revised Table II is printed below. The re-

calculated data do not require us to revise our findings and interpretations. The Table I figures therefore represent the total figures of those who responded. We regret the inconvenience and confusion this may have caused.

The words 'and in child psychiatry' need to be omitted from the second paragraph, second column on page 122.

Leadership and Teamwork in Psychiatric Services

Consultant psychiatrists are invited to apply to attend an outdoor management course to be held in the Forest of Dean from 17 to 20 March 1987. In order to reflect the multi-disciplinary nature of psychiatric services, each psychiatrist will be asked to invite another (non-medical) member of the team to accompany him or her. Experience has demonstrated that the outdoors provides a worthwhile environment in which to learn the management skills of

leadership and teamwork. No great physical prowess is needed. The course has been subsidised by the NHS Training Authority. The fee is £140 per person (or £260 per health authority for each two participants). Telephone enquiries: Dr Helena Waters (0484 681268/681282) or John Sturt (0623 797555). Application forms: Dr H. Waters, 4 Crodingly Farm Court, Thong Lane, Holmfirth, Huddersfield HD7 2TY.
