Advancing research. Increasing access.

Informed by detailed consultation with the library and research communities, we are constantly developing our industry-leading online journals platform.

Some recent advances include:

- Refreshed site design, facilitating rapid access to the most relevant content.
- New advanced search interface and a more detailed, fielded guick search function.
- Enriched content in the form of multimedia companions and editorial blogs.

• The launch of Cambridge Open Option, our open access initiative.
