AND HSEIN SHOW

Review Articles

The effects of supportive care interventions on depressive symptoms among patients with lung cancer: A metaanalysis of randomized controlled studies

Specialized palliative care in advanced cancer: What is the efficacy? A systematic review

Effects of hospital palliative care on health, length of stay, and in-hospital mortality across intensive and non-intensive-care units: A systematic review and metaanalysis

Poetry/Fiction

If I open my eyes

ALOPECIA (Dann H)

ERRATUM

In-Hospital Mortality and Intensive Care Use in 19 European Countries:
A Qualitative Study of the Experience of Patients and Caregivers—ERRATUM

ERRATUM

Palliative & Supportive Care (ISSN 1478-9515) is a bi-monthly international journal of palliative medicine that focuses on the psychiatric, psychological, spiritual, ethical, social, and palliative aspects of palliative care. The journal also serves as a multi-disciplinary forum for practitioners from a wide array of disciplines engaged in the delivery of care to those with life-threatening diseases along the entire continuum of care from diagnosis to the end of life. © Cambridge University Press, 2017. All rights reserved. No part of this publication may be reproduced, in any form or by any means, electronic, photocopying, or otherwise, without permission in writing from Cambridge University Press. This journal is also available online at http://www.cambridge.org/journals/jpc. The journal is distributed on behalf of the European Association for Palliative Care (EAPC) by Cambridge University Press.
