# Cardiology in the Young

**Table of Contents**  August 2013

**REVIEW ARTICLE**

- Quality of life of adult congenital heart disease patients: a systematic review of the literature
  Thodora Fteropoulli, Jan Stygall, Shay Cullen, John Deanfield, Stanton P. Newman
  Pages 473–476

**ORIGINAL ARTICLES**

- Association of macrophage migration inhibitory factor and mannose-binding lectin-2 gene polymorphisms in acute rheumatic fever
  Nilgün Col-Araz, Sadece Pehlivan, Osman Baspinar, Tugçe Sever, Sibel Oğuzkan-Balca, Ayse Balat
  Pages 486–490

- Use of diagnostic information submitted to the United Kingdom Central Cardiac Audit Database: development of categorisation and allocation algorithms
  Kate L. Brown, Sonya Crowe, Christina Pagel, Catherine Ball, Nagarajan Mathialau, John Gibbs, David Cunningham, Martin Utley, Victor T. Tsang, Rodney Franklin
  Pages 491–495

- Patient and practice factors affecting growth of infants with systemic-to-pulmonary shunt
  Andrew W. McCravy, Martha L. Clabby, William T. Mahle
  Pages 499–503

- A sibling-controlled, prospective study of outcomes at home and school in children with severe congenital heart disease
  Christopher G. McCusker, Mark P. Armstrong, Mairead Mullen, Nicola N. Doberty, Frank A. Casey
  Pages 507–511

- Long-term evaluation of endothelial function in Kawasaki disease patients
  Fatima F. Pinto, Sérgio Laranjo, Filipa Paramés, Isabel Freitas, Miguel Mota-Carno
  Pages 517–521

- Mechanism of autograft insufficiency after the Ross operation in children
  Motohiko Goda, Marc Gewillig, Benedicte Eyse, Ruth Heying, Bjørn Cook, Filip Rega, Bart Meyns
  Pages 523–527

- Jervell and Lange-Nielsen syndrome in a father and daughter from a large highly inbred family: a 16-year follow-up of 59 living members
  Shyamal Kumar, Sanyal, Kanwar K. Kang, Akhtar Hussein, Robert S. Wilroy, Kisan Agarwal, Satia Sodeh
  Pages 530–534

- Peri-operative care in adults with congenital heart disease: room for improvement in after care
  Pages 540–544

- Pilot study of nurse-led rheumatic heart disease echocardiography screening in Fiji – a novel approach in a resource-poor setting
  Samantha M. Colquhoun, Jonathan R. Carapetis, Joseph H. Kado, Benjamin M. Reeves, Bogdanka Remenys, William May, Nigel J. Wilson, Andrew C. Steer
  Pages 546–550

- Necrotising enterocolitis in infants with congenital heart disease: the role of enteral feeds
  Glen J. Lunnari, Matthew E. Oster, William T. Mahle
  Pages 553–557

- Atrioventricular septal defects among infants in Europe: a population-based study of prevalence, associated anomalies, and survival
  Nikolai Christensen, Hille Andersen, Ester Garne, Diana Welsley, Marie-Claude Addor, Martin Haeusler, Babak Khoshnood, Carmel Mullany, Judith Rankin, David Tucker
  Pages 560–564

- A systematic review of the pharmacological management of aortic root dilation in Marfan syndrome
  Varska Thakur, Kathryn N. Rankin, Lisa Hartling, Andrew S. Mackie
  Pages 568–572

- Amplatzer occluder versus CardioSEAL/STARFlex occluder: a meta-analysis of the efficacy and safety of transcatheter occlusion for patent foramen ovale and atrial septal defect
  Yifei Li, Kati Zhou, Yimin Han, Chuan Wang, Liang Xie, Jia Fang, Xin Rong, Jiandong Shen
  Pages 578–582

- Evaluation of cardiac systolic and diastolic functions in small for gestational age babies during the first months of life: a prospective follow-up study
  Dolunay Gürses, Barışın Seyhan
  Pages 584–588
