The International Psychogeriatric Association (IPA) is the leading multi-disciplinary, international organization dedicated to advancing geriatric mental health knowledge and promoting better geriatric mental health.

Benefits of IPA Membership Include

- The opportunity to interact with colleagues around the world who share an interest in advancing research, education, and theory about mental health in older people.

- Education and meetings that bring together the many disciplines in Psychogeriatrics and the collective expertise of the world; IPA members receive special “members’ only” rates for all our meetings and activities.

- A subscription to International Psychogeriatrics, IPA’s peer-reviewed monthly journal, which includes any additional special-focus supplements.

- The IPA Bulletin, an informative electronic newsletter.

- IPA Online – the IPA website – containing a members area with special features, including access to fellow members, and the IPA Learning Portal.

- Behavioral and Psychological Symptoms of Dementia (BPSD) Education Materials are available to IPA members in electronic format at no charge. The BPSD materials include the newly revised seven module IPA Complete Guide to BPSD. Currently in revision – the Primary Care Physician’s Guide to BPSD and the Nurses’ Guide to BPSD – with a release date in 2012. In development – Long-Term Care module.

- Best of all – become a part of a larger effort supporting the growth of Psychogeriatrics around the world.

IPA’s membership dues are set to accommodate the needs of a wide variety of colleagues worldwide. To find membership rates for you in your country and to join, please visit www.ipa-online.org.

IPA Complete Guide to Behavioral and Psychological Symptoms of Dementia (BPSD)

The only resource you need for all members of your team!

An IPA Members Benefit*

*IPA members have access online at no additional charge!

The IPA Complete Guide to Behavioral and Psychological Symptoms of Dementia (BPSD) was revised in 2010, based on the BPSD Educational Pack. This comprehensive resource has modules that provide a useful overview of the presentation and causes of BPSD, offering constructive guidance on treatment interventions.

BPSD are recognizable, understandable and treatable. The recognition and appropriate management of BPSD are important factors in improving our care of dementia patients and their caregivers.

These modules will provide a useful overview of the presentation and causes of BPSD offering:

Module 1 An introduction to BPSD
Module 2 Clinical issues
Module 3 Etiology
Module 4 Role of family caregivers
Module 5 Non-pharmacological treatments
Module 6 Pharmacological management
Module 7 Cross-cultural and transnational considerations

In revision – coming soon!
