Molecular Nutrition
Statistical analysis of human microarray data shows that dietary intervention with n-3 fatty acids, flavonoids and resveratrol enriches for immune response and disease pathways
A. Warburton, O. Vasieva, P. Quinn, J. P. Stewart & J. P. Quinn 239-249

Human and Clinical Nutrition
Effects of post-exercise oral supplementation on anthropometric indices, glycemic control, blood pressure, lipid profile, creatine kinase and appetite in patients with benign prostatic obstruction: a randomized clinical trial
R. Hasani, O. Nikpayam, M. Sedaghat & G. Sohrab 250-258
Replacing carbohydrates during a glucose challenge with the egg white portion or whole eggs protects against postprandial impairments in vascular endothelial function in prediabetic men by limiting increases in glycemia and lipid peroxidation

Dietary Surveys and Nutritional Epidemiology
Dietary patterns and their association with vitamin and lipid concentrations throughout pregnancy: a prospective cohort
Is dietary non-alcoholic fat consumption during pregnancy associated with offspring body weight? A time-varying study
Does adherence to the World Cancer Research Fund/American Institute of Cancer Research’s cancer prevention guidelines reduce risk of colorectal cancer in the UK Women’s Cohort Study?
F. أمري, J. E. Cade, C. E. L. Law, N. Rennison & D. C. Greenland 340-349

Behaviour, Appetite and Obesity
Cognitive enhancement in old dogs from dietary supplementation with a nutrient blend containing arginine, antioxidants, B vitamins and fish oil
Y. Pan, A. D. Kennedy, T. J. Jönsson & N. W. Milgram 349-358
The British Journal of Nutrition is an international, peer-reviewed journal publishing original papers, review articles, short communications and technical notes on nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The Forum recognizes the multidisciplinary nature of nutritional science and encourages the submission of material from all of the specialties involved in research and clinical practice. The Journal also publishes supplements on topics of particular interest. The British Journal of Nutrition is published twice monthly by Cambridge University Press on behalf of The Nutrition Society.

The British Journal of Nutrition is available online to subscribers at journals.cambridge.org/bjn

Table of contents and abstracts are available free at the same website.
