Network Science
Network Science is a new journal for a new discipline - one using the network paradigm, focusing on actors and relational linkages, to inform research, methodology, and applications from many fields across the natural, social, engineering and informational sciences. Given growing understanding of the interconnectedness and globalization of the world, network methods are an increasingly recognized way to research aspects of modern society along with the individuals, organizations, and other actors within it.

The discipline is ready for a comprehensive journal, open to papers from all relevant areas. Network Science is a defining work, shaping this new discipline. The journal welcomes contributions from researchers in all areas working on network theory, methods, and data.

SUBSCRIPTION INFORMATION
Network Science (ISSN: 2050-1242) is published three times per year, in April, August, and December by Cambridge University Press, 32 Avenue of the Americas, New York, NY 10013, USA.

The subscription price of Volume 1 (2013) including delivery by air where appropriate (but excluding VAT), is $380.00 (£263.00) for institutions print and online, $350.00 (£244.00) for institutions online only.

Orders, which must be accompanied by payment, may be sent to a bookseller, subscription agent or direct to the publisher: Cambridge University Press, Journals Fulfillment Department, 100 Brook Hill Drive, West Nyack, NY 10994-2133, USA; or Cambridge University Press, The Edinburgh Building, Shottsbury Road, Cambridge CB2 8RU, England. Alternatively, you can place an order online at <journals.cambridge.org/nws>.

For single issues, please contact customer_service@cambridge.org.

ADVERTISING
For information on display ads, rates, and deadlines for copy, please visit the journal homepage at <journals.cambridge.org/nws> or contact ad_sales@cambridge.org.

INTERNET ACCESS
Network Science is included in the Cambridge Journals Online service, which can be accessed at <journals.cambridge.org/nws> or contact ad_sales@cambridge.org.

Manuscript Submission Guidelines

Manuscripts for consideration for Network Science should be submitted electronically, using the Manuscript Central System at http://journals.cambridge.org/NWS. This system will allow authors to benefit from faster review and earlier, online publication. Authors who are unable to submit online should contact the NWS Editorial Office (at networkscience@cambridge.org) for assistance.
NETWORK SCIENCE

Volume 1 Number 3

CONTENTS

Articles
Likelihoods for fixed rank nomination networks
PETER HOFF, BAILEY FOSDICK, ALEX VOLFOVSKY AND KATHERINE STOVEL 253

Relative importance of effects in stochastic actor-oriented models
NATALIE INDELKOGER AND ULRIC BRANDES 278

Social networks, time homeless, and social support: A study of men on Skid Row
HAROLD D. GREEN, JOAN S. TUCKER, DANIELA GOLINELLI AND SUZANNE L. WENZEL 305

Social networks and labor market inequality between ethnicities and races
OTT TOOMET, MARCO VAN DER LEIJ AND MEREDITH ROLFE 321

Multi-scale community organization of the human structural connectome and its
relationship with resting-state functional connectivity
RICHARD F. BETZEL, ALESSANDRA GRIFFA, ANDREA AVENA-KOENIGSBERGER,
JOAQUIN GOÑI, JEAN-PHILIPPE THIRAN, PATRIC HAGMANN AND OLAF SPORNS 353
