## **Figures**

Ten indicators of a positive learning environment	
(based on Hattie, 2012)	page 5
Characteristics of a successful learning environment	
(based on Philp and Kos, 2017; commissioned by	
Cambridge University Press)	6
Effects of goal structures on peer relationships among ear	ly
adolescents (Roseth, Johnson, & Johnson, 2008)	14
Summary of features of environmental complexity	
(adapted from Shernoff et al., 2017)	15
Motivation and the language learner	26
Engagement and the classroom learner	27
The story of Bacinda	80
Scaffolding (A summary construct of Scaffolding based	
on van de Pol, Volman, & Beishuizen, 2010)	85
Worksheet from Year 11 Japanese classroom	102
Student's written version of the rule for 'before'	
sentences	103
A card with the katakana symbol for 'ku'	105
Japanese classifying exercise	105
Word cards and excerpt of a student's work from	
classification exercise (Figure 5.4)	106
Testing verb conjugations	106
The 'Before sentences' game	108
Sentence completion exercise	109
Structured output/guided sentence exercise	109
The processes of skill acquisition theory	115
The 'snake game'	121
Enhancement level of SAMR model (Puentedura, 2006)	140
Transformation level of SAMR model (Puentedura, 2006)	143
Year 11 students playing a digital quiz on the topic	
of 'At the Doctor's'	151
Example slide from preposition challenge	154
Birthdays of the children in the class	164
