PUBLISHED BY CAMBRIDGE UNIVERSITY PRESS FOR  
AND ON BEHALF OF THE ASSOCIATION FOR SYMBOLIC LOGIC.

The BULLETIN, the JOURNAL and the REVIEW OF SYMBOLIC LOGIC are the official organs of the Association for Symbolic Logic, an international organization for furthering research in logic and the exchange of ideas among mathematicians, computer scientists, linguists, and others interested in this field.

The JOURNAL invites submission of original scholarly work in mathematical logic and its applications. Articles being submitted for publication in the JOURNAL should be sent to one (and only one) of the following editors:

The editors prefer electronic submissions. The preferred formats for electronic submissions are PDF or Postscript but other formats such as Word documents will be accommodated as best as possible. The author should keep a complete copy of the submitted manuscript and the electronic files from which it was created. After the paper is accepted in its final form, an electronic copy will be appreciated and will advance its final publication date.

It is recommended that papers be prepared in  $\text{\LaTeX}$  using the ASL's class file, especially for manuscripts having extensive symbolic or mathematical notation. This style file is available from the ASL's website at <http://www.aslonline.org>; links from that site provide further information about the JOURNAL and about submitting papers for publication.

No print offprints will be supplied but authors will receive a link to a freely accessible electronic pdf of their published article. Print offprints may be purchased if required.
