</tbody>
</table>
23  Global distribution of volcanic threat
S.K. Brown, R.S.J. Sparks and S.F. Jenkins

24  Scientific communication of uncertainty during volcanic emergencies
J. Marti

25  Volcano Disaster Assistance Program: Preventing volcanic crises from
becoming disasters and advancing science diplomacy
J. Pallister

26  Communities coping with uncertainty and reducing their risk: the
collaborative monitoring and management of volcanic activity with the
vigias of Tungurahua
J. Stone, J.Barclay, P. Ramon, P. Mothes and STREVA

Index

Appendix B: Country and regional profiles of volcanic hazard and risk
S.K. Brown, R.S.J. Sparks, K.Mee, C. Vye-Brown, E.Ilyinskaya, S.F. Jenkins,

* The contributors to this report are listed separately within Appendix B.
† See www.cambridge.org/volcano for Appendix B which comprises a short discussion of the global
distribution of volcanic hazard and risk and individual profiles of volcanism for all countries and regions
with volcanic activity within the last 10,000 years.
