The Bedford Introduction to Literature Reading, Thinking, Writing

Ninth Edition

Michael Meyer, *University of Connecticut*

The Bedford Introduction to Literature is a best seller for a reason: It brings literature to life for students — helping to make them lifelong readers and better writers. Classic works from many periods and cultures exist alongside the best of today's diverse authors, including women, writers of color, and voices that reflect the quirkiness and humor of modern life. Now featuring a new chapter created with poet Billy Collins and accompanied by *VideoCentral: Literature*, a new collection of interviews with literary and popular authors, the ninth edition shows students that writers are real people and literature is a living art form.

“More interesting to me than what a poem means is how it travels,” writes former poet laureate Billy Collins. In a new in-depth chapter, Collins presents five of his own poems, explains how and why he writes, and shares photos and pages from his notebooks.

Rhetorical Anthropology and Shakespearean Selfhood
Joel B. Altman

“Joel Altman’s brilliant study of Othello takes us deeply into the play by means of theatrical as well as intellectual history, epistemology, traditions of persuasion and ideas of selfhood, protocols of evidence and inference, humanist learning—in sum, the rhetorical anthropology which suffuses Shakespeare’s art.”—Thomas O. Sloane, University of California, Berkeley

IS THE RECTUM A GRAVE?
and Other Essays
Leo Bersani

Phrase by beautiful phrase, Bersani’s stunning readings of the relation of psychoanalytic to aesthetic conceptions of subjectivity open up new conceptual and affective potential.”—Lauren Berlant, University of Chicago

THE BEAST AND THE SOVEREIGN, VOLUME I
Jacques Derrida

Translated by Geoffrey Bennington
The Beast and the Sovereign is the first volume in a new series collecting Derrida’s unpublished written lectures. In this seminar from 2001–2002, Derrida continues his deconstruction of the traditional determinations of the human. The beast and the sovereign are connected, he contends, because neither animals nor kings are subject to the law—the sovereign stands above it, while the beast falls outside the law from below.
