Theology of the New Testament

RUDOLF BULTMANN

A classic of modern scholarship. When these two volumes were first published in English (1952-55), T. W. Manson wrote in the *Guardian*: 'The English reader can now take in the whole sweep of Bultmann's portrayal of the beginning of Christian theology, and much besides. . . . A really valuable and significant contribution to the subject. The author's wide

knowledge, not only of the biblical material but also of the vast range of extra-biblical evidence, together with his exceptional insight into the meaning of ancient texts, make him a wonderful guide. We learn much from him when we are able to agree with him, and even more where we are forced to dissent and say why we do.'

Volume 1: The Message of Jesus, the Kerygma of the Earliest Church, the Theology of Paul. *21s net*

Volume 2: The Theology of John, the Development of Church Order and Doctrine, the Problem of Christian Living. *16s net*
