Political Turbulence
How Social Media Shapes Collective Action
Helen V. Milner & Dustin Tingley

"In this brilliantly argued book, Hurd brings to bear on foreign policy the insights that are typically reserved for the study of domestic politics. There is simply no better guide to the contemporary global religious landscape."
— Robert Orsi, Northwestern University

Liberalism
The Life of an Idea
Edward Freeman

"Not only a gripping piece of intellectual history, it also equips the reader to understand today’s liberal politics and how they might be wielded. . . . Liberalism is indeed under siege. Those who would defend the liberal idea will do well to study the foundations. . . . Freeman’s book offers an admirable anchoring of the contemporary political discussion."
—The Economist

Sailing the Water’s Edge
The Domestic Politics of American Foreign Policy
Helen V. Milner & Dustin Tingley

"Combining deep scholarship, theoretical imagination, and solid prose, Milner and Tingley make a significant advancement by presenting and testing arguments about domestic constraints that explain why presidents choose to deploy various policy instruments. Rich in careful reasoning and data, this book will be the focus of the field for years to come."
—Robert Hess, author of American Foreign Policy in a New Era

Beyond Religious Freedom
The New Global Politics of Religion
Elizabeth Shakman Hurd

"In this thoroughly argued book, Hurd shows why the stakes are very high and the dangers very real when governments set the standards for religious political movements and women’s attendant roles in ways that have remained largely unaddressed until now. By providing a window into a world seldom seen, let alone traversed, this book challenges common understandings about these movements and women’s agency therein."
—Cara Roy, Harvard University

Classical Confucian Political Thought
A New Interpretation
Lindinga El Amine

"El Amine gives us a more complex and yet more accessible understanding of Confucius, Mencius, and Xunzi than they are ordinarily taken to be. This book brings their distinctive and subtle voices to the fore and is political philosophy at its best."
—Stephen E. Sackett, Bryn Mawr College

Righteous Transgressions
Women’s Activism on the Israeli and Palestinian Religious Right
Lila R. Flexner

"This excellent and rigorously researched book enhances our understanding of Jewish and Muslim religious-political movements and women’s attendant roles in ways that have remained largely unaddressed until now. By providing a window into a world seldom seen, let alone traversed, this book challenges common understandings about these movements and women’s agency therein."
—Stephen El Amine, Bryn Mawr College

About APSA

Founded in 1903, the American Political Science Association is the leading professional organization for the study of political science and serves more than 13,000 members in over 80 countries. With a range of programs and services for individuals, departments, and institutions, APSA brings together political scientists from all fields of inquiry, regions, and occupational endeavors within and outside academia in order to deepen our understanding of politics, democracy, and citizenship throughout the world.

The direct advancement of knowledge is at the core of APSA activities. We promote scholarly communication in political science through a variety of initiatives including publishing three distinguished journals: American Political Science Review, Perspectives on Politics, and PS: Political Science and Politics.
