

JOURNAL OF PALEONTOLOGY

VOLUME 82 ■ NUMBER 5 ■ SEPTEMBER 2008 ■ ISSN 0022-3360

- 857 John H. Beck and Paul K. Strother**
Miospores and cryptospores from the Silurian section at Allenport, Pennsylvania, USA
- 884 Ed Landing, Susan C. Johnson, and Gerd Geyer**
Faunas and Cambrian volcanism on the Avalonian marginal platform, southern New Brunswick
- 906 Pedro Cózar, Ian D. Somerville, and Iain Burgess**
New foraminifers in the Viséan/Serpukhovian boundary interval of the Lower Limestone Formation, Midland Valley, Scotland
- 924 Shu-Zhong Shen and Yi-Chun Zhang**
Earliest Wuchiapingian (Lopingian, late Permian) brachiopods in southern Hunan, South China: implications for the pre-Lopingian crisis and onset of Lopingian recovery/radiation
- 938 Petr Štorch and Raimund Feist**
Lowermost Silurian graptolites of Montagne Noire, France
- 957 Sachiko Agematsu, Katsuo Sashida, and Amnan B. Ibrahim**
Biostratigraphy and paleobiogeography of Middle and Late Ordovician conodonts from the Langkawi Islands, northwestern peninsular Malaysia
- 974 Blanca A. Toro and Jörg Maletz**
The proximal development in *Cymatograptus* (Graptoloidea) from Argentina and its relevance for the early evolution of the Dichograptacea
- 984 Claire Derycke, Claudia Spalletta, Maria Cristina Perri, and Carlo Corradini**
Famennian chondrichthyan microremains from Morocco and Sardinia
- 996 Giorgio Carnevale, Theodore W. Pietsch, Gary T. Takeuchi, and Richard W. Huddleston**
Fossil ceratioid anglerfishes (Teleostei: Lophiiformes) from the Miocene of the Los Angeles Basin, California
- 1009 Clara Stafen and Thomas Mörs**
The beaver *Anchitheriomys* from the Miocene of central Europe
- 1021 Carrie E. Schweitzer and Rodney M. Feldmann**
New Eocene hydrocarbon seep decapod crustacean (Anomura: Galatheididae: Shinkaiinae) and its paleobiology
- 1030 Rodney M. Feldmann, Carrie E. Schweitzer, and William R. Wahl**
Ekalakia (Decapoda: Brachyura): the preservation of eyes links Cretaceous crabs to Jurassic ancestors

PALEONTOLOGICAL NOTES

- 1035 Carlos García-Robledo and Charles L. Staines**
Herbivory in gingers from latest Cretaceous to present: is the ichnogenus *Cephaloleichnites* (Hispiinae, Coleoptera) a rolled-leaf beetle?
- 1038 Pan Hua-Zhang and Shen Shu-Zhong**
Late Permian (Lopingian) gastropods from the Qubuega Formation at the Qubu section in the Mt. Everest (Qomolangma) Region, Southern Tibet (Xizang), China
- 1043 Calvin H. Stevens**
Permian colonial rugose corals from the Wrangellian Terrane in Alaska
