Have you thought of subscribing?

Infection is a leading international journal tailored for the clinician that deals with the aetiology, diagnosis, pathogenesis and epidemiology of infection and infectious disease.

Infection encompasses modern diagnostics, patient-related mechanisms of infections, preventive measures including immuno-prophylaxis and immunosubstitutes. Changing and emerging pathogens and the different clinical course of diseases make it essential to obtain the latest information.

Infection originates in Europe and has an international staff and editorial board, which ensures the high quality of its peer-reviewed, original contributions.

Infection is an official publication of the German Society for Infectious Diseases and the Paul-Ehrlich-Society for Chemotherapy. It is regularly listed in Current Contents/Life Sciences, Current Contents/Clinical Medicine, Science Citation Index, MEDLARS and MEDLINE.

Prof. Dr. med. Walter Marget (University of Munich), founder and Editor-in-Chief.

A complete overview can only be gained by reading Infection regularly!
