

THE CHINESE UNIVERSITY OF HONG KONG

Applications are invited for:-

Department of Systems Engineering and Engineering Management

The Department invites applications for the following posts in the fields of financial engineering; information systems; logistics and supply chain management; optimization and operations research or related areas.

(1) Professor(s) / Associate Professor(s) / Assistant Professor(s)

(Ref. 07/252(456)/2)

Applicants should have (i) a doctoral degree; (ii) outstanding academic record; (iii) strong commitment to excellence in both teaching and research. Appointment(s) will normally be made on contract basis for up to three years initially, leading to longer-term appointment or substantiation later subject to budget and mutual agreement. Applications will be accepted until the posts are filled.

(2) Professor(s)/Associate Professor(s)/Assistant Professor(s) (visiting posts) (Ref. 07/253(456)/2)

Applicants should have (i) a doctoral degree; (ii) outstanding academic record; (iii) strong commitment to excellence in both teaching and research. Appointment(s) will initially be made on visiting and contract basis, renewable subject to budget and mutual agreement. Applications will be accepted until the posts are filled.

(3) Research Associate Professor(s) / Research Assistant Professor(s)

(Ref. 07/254(456)/2)

Applicants should have (i) a doctoral degree; (ii) outstanding academic record; and (iii) strong commitment to excellent research. The appointee(s) will mainly carry out research, and may also undertake some teaching duties. Appointment(s) will initially be made on contract basis for up to two years, renewable subject to budget and mutual agreement. Applications will be accepted until the posts are filled.

(4) Postdoctoral Fellow(s)

(Ref. 07/250(456)/3)

Applicants should have (i) a doctoral degree; (ii) outstanding academic record; and (iii) strong commitment to excellent research. Appointment(s) will initially be made on contract basis for one year, renewable subject to budget and mutual agreement. Applications will be accepted until the posts are filled.

Salary and Fringe Benefits

Salary will be highly competitive, commensurate with qualifications and experience. The University offers a comprehensive fringe benefit package, including medical care, plus for posts (1) to (3): a contract-end gratuity for appointments of two years or longer, and housing benefits for eligible appointees.

Further information about the University and the general terms of service for appointments is available at http://www.cuhk.edu.hk/personnel. The terms mentioned herein are for reference only and are subject to revision by the University.

Application Procedure

Applications including the curriculum vitae and names of at least three referees (with e-mail and postal addresses, telephone and fax numbers), together with copies of academic qualification documents, a publication list and/or selected abstracts [except post (4)], should be sent to the Chairman, Department of Systems Engineering and Engineering Management, Room 609, William M.W. Mong Engineering Building, The Chinese University of Hong Kong, Shatin, Hong Kong. (tel: (852) 2609 8313; fax: (852) 2603 5505; e-mail: recruit@se.cuhk.edu.hk).

The Personal Information Collection Statement will be provided upon request. Please quote the reference number and mark "Application - Confidential" on cover.

International Teachers Programme

Challenging the Way Business Educators Teach

A Management Faculty-Development Programme offered by the International Schools of Business Management (ISBM), a group of 10 leading Business Schools located in Europe and North America

- HEC Paris
- IAE Aix en Provence
- IMD Lausanne
- INSEAD Fontainebleau
- Kellogg School of Management
- London Business School
- Manchester Business School
- SDA Bocconi School of Management
- Stern School of Business, New York University
- Stockholm School of Economics

ITP has been serving over 1,000 high calibre faculty and educators from many countries for more than 30 years. According to a rotation process involving all the ISBM Schools, the SDA Bocconi School of Management hosts the Programme for the academic year 2008-2009, after having already hosted it the year before.

Can you Face Challenges as Business Educators? We can.

- Teaching in a wide range of contexts, from small groups to large audiences.
- Managing students' diversity in terms of educational background, culture, age, and experience.
- Coping with an increasingly competitive business education environment, and related expectations towards content quality, structure and delivery.
- Using new technologies as a set of opportunities for innovative and cutting edge educational solutions.

SDA Bocconi. Knowledge and imagination.

JFQA Style Requirements

Send manuscripts via e-mail in PDF, Word, or LaTeX. The cover page must show title, author name(s) and affiliation(s), e-mail address(es), and work phone number(s). The first page of text should include the title and a one-paragraph abstract of no more than 100 words. Manuscripts must be double-spaced on one side of the page. All sections of the paper, beginning with the introduction and ending with a conclusion or summary, must be numbered with Roman numerals. Subsection headings must be lettered A, B, C, etc.

The manuscript should explain its relation to other research in the field, especially recently published material. References cited in the text should be noted by the last name(s) of the author(s) followed by the publication year enclosed in parentheses without punctuation: Smith (1988). When a particular page, section, or equation is referred to, the reference also should be placed within parentheses: (Smith and Jones (1988), p. 222), (Green (1988a), eq. 3).

Lengthy mathematical proofs and extensive tables should be placed in an appendix or omitted from the manuscript entirely. In the latter case, the author may indicate in a footnote that proofs or tables are available on request. The author should make every effort to explain the meaning of mathematical proofs.

The author should check the manuscript for clarity, grammar, spelling, and punctuation to minimize editorial changes and the necessity of extensive corrections at the proof stage. All abbreviations must be defined.

Equations. All but very short mathematical expressions should be displayed on a separate line and centered. Important displayed equations must be identified by consecutive Arabic numerals in parentheses on the left. Expressions should be aligned and subscripts and superscripts clearly marked to avoid confusion.

Tables. Each table must be titled and numbered consecutively with Arabic numerals. Please check the text to make sure there is a reference to each table. General footnotes should be marked a, b, c, etc., for specific footnotes. Asterisks * or ** indicate significance at the 5% and 1% levels, respectively. The author should check tables to be sure that totals are correct and that the title, column headings, and footnotes clearly explain the content of the table. If tables are on separate pages at the end of the article, indicate approximate placement within the text.

Figures. Figures must be titled and numbered consecutively with Arabic numerals. Captions should present sufficient information to describe the purpose of the figure. Figures for accepted manuscripts must be of professional quality and ready for reproduction.

Footnotes. Footnotes must be double-spaced. Footnotes must not be used for the purpose of citation. Footnotes with extensive content should be avoided.

References. All works cited in the text must be alphabetically arranged in a double-spaced list at the end of the manuscript. Examples:

- Brown, S., and J. Warner. "Using Daily Stock Returns: The Case of Event Studies." *Journal of Financial Economics*, 14 (1985), 1–31.
- Ross, S. A. "Return Risk and Arbitrage." In *Risk and Return in Finance*, Vol. I, I. Friend and J. L. Bicksler, eds. Cambridge, MA: Ballinger (1977).
- Titman, S.; K. C. Wei; and F. Xie. "Capital Investments and Stock Returns." *Journal of Financial and Quantitative Analysis*, 39 (2004), 677–700.

Journal of Financial and Quantitative Analysis 2008 Subscription Information

The Journal of Financial and Quantitative Analysis (JFQA) is published guarterly in March, June, September, and December by the Michael G. Foster School of Business at the University of Washington in Seattle, Washington, U.S.A. Topics include corporate finance, investments, capital and security markets, and quantitative methods of particular relevance to financial researchers. With a circulation of 3000 libraries, firms, and individuals in 70 nations, the JFQA serves an international community of sophisticated finance scholars—academics and practitioners alike. The JFQA prints 8% of the more than 600 unsolicited manuscripts submitted annually. An intensive blind review process and exacting editorial standards contribute to the JFQA's reputation as a top finance journal.

Payment in advance is required. Checks or money orders must be payable to the JFQA in U.S. dollars for deposit in a U.S. bank. Subscriptions start with the next available issue unless otherwise requested. Online access is available to current individual subscribers of paid print subscriptions. Claims for missing issues must be made within six months of the publication date.

To inquire about permission to reprint or the availability of specific back issues (at a cost of \$30 per copy), contact the JFQA office. U.S.
