

CORRIGENDUM

Permian basinal ammonoid sequence in Nanpanjiang area of South China—possible overlap between basinal Guadalupian and platform-based Lopingian—CORRIGENDUM

Zuren Zhou

doi: 10.1017/jpa.2016.128, Published by Cambridge University Press, 26 April 2017.

After publishing this Memoir online, Dr. Matthew E. Clapham wrote to the author, Zuren Zhou, that “the name *Glenisteroceras* has already been used, in 1957, for an Ordovician nautiloid (*Glenisteroceras* Flower, 1957).”

The name *Glenisteroceras* was incorrectly applied throughout the Memoir to describe this species. The author would like to apply a new terminal, *-ites* for the genus. The newly named

genus should be *Glenisterites*, with type species *Glenisterites sidazhaiensis* Zhou, 2017. The author apologizes for this error.
