

General notes

OXFORD ENT COURSE

3–7 JULY 1981

The main sessions will be as follows:

1. Short papers on otological subjects by selected guest speakers—on topics of their own choice.
2. The Deaf Child.
3. Aspects of Tympanoplasty in Adults and Children.
4. Glue Ear.
5. Aspects of Nasal Surgery in Adults and Children.
6. Head and Neck Neoplasia in Children.
7. Childhood Airway Problems.
8. Micro-laryngoscopy.

The principal speakers will include: J. C. Ballantyne (London), D. Brain (Birmingham), T. R. Bull (London), Professor R. Cotton (Cincinnati), E. Douek (London), P. D. M. Ellis (Cambridge), J. Evans (London), Professor I. Friedmann (London), R. E. Gristwood (Adelaide), Miss E. Hadfield (High Wycombe), T. Manford McGee (Detroit), R. Pracy (London), H. J. Shaw (London), Professor I. G. Taylor (Manchester), J. L. W. Wright (London), as well as speakers from Oxford itself.

There will be an opportunity to present a limited number of free papers and these are now invited from individuals planning to attend.

A Trade Exhibition is being organized.

Accommodation for the period of the Course is available in St. Anne's College, Woodstock Road, Oxford (opposite the Radcliffe Infirmary).

There will be an informal reception one evening and a banquet in Oriel College another evening.

The inclusive cost is £150.

The Course is designed for people working at consultant and senior registrar level.

It is hoped that the Course programme will meet the requirements of the DHSS for the Advanced Postgraduate Training Scheme and by the Council for Postgraduate Medical Education in England and Wales and that this will assist British applicants for the Course to obtain Study Leave and expenses.

Application forms are now available from Mrs. D. W. Scott, Academic Secretary, Department of Otolaryngology, Radcliffe Infirmary, Oxford. To encourage informality the number will be limited to 60 and accordingly early application is advised.

INTERNATIONAL RHINOLOGIC SOCIETY

'CANCER 1981/CANCER 2001
AN INTERNATIONAL COLLOQUIUM'

10-14 NOVEMBER 1981

THE SHAMROCK HILTON HOTEL, HOUSTON, TEXAS

ON the 10th anniversary of the National Cancer Program, outstanding authorities will take a hard look at the directions cancer research and treatment should take in the near future. Presentations will focus on promising avenues of cancer research and likely developments in related fields, such as imaging, artificial intelligence and monitoring. Participants will consider the possible impact of likely developments on cancer patient care and the probable status of cancer patient care in the year 2001.

Presentations will be made by both basic and clinical scientists.

LIONEL COLLEDGE MEMORIAL FELLOWSHIP
IN OTOLARYNGOLOGY

A travelling Fellowship to commemorate the late Mr. Lionel Colledge, F.R.C.S. has been endowed by his daughter, Miss Cecilia Colledge, with a capital sum of £25,000. The Fellowship will be administered by the Royal College of Surgeons of England and awarded under the terms of the Trust Deed by a committee representing the British Association of Otolaryngologists, the Specialist Advisory Committee in Otolaryngology and the Council of the College. The maximum award to any one Fellow will be £5,000. The first award or awards will be made in July 1981.

The following conditions are laid down by the Trust:

1. Applicants must be United Kingdom born Fellows of the Royal College of Surgeons of England aged between 25 and 35 years at the closing date for receipt of applications who are senior trainees or recently appointed consultants, or of similar status, in otolaryngology.
2. The subject of the award is head and neck surgery with an emphasis on laryngology.
3. The Fellowship is tenable for a period of study or research in the Continent of North America.

Applications for the award or awards for 1981–82 must reach the Deputy Secretary of the Royal College of Surgeons of England, 35/43 Lincoln's Inn Fields, London WC2A 3PN not later than 30 June 1981 and must include the following:

- (a) Name, qualifications and brief curriculum vitae, including present appointment;
- (b) Proposals for the tour or visit to be made during the tenure of the Fellowship;
- (c) Letters of support from the applicant's present consultant (or, if already a consultant, the name of an independent referee in the United Kingdom) and the head(s) of the department(s) to be visited;
- (d) A statement of the expenses to be incurred and of available financial resources.

Short-listed applicants may be required to attend for interview in London, in which case necessary travelling expenses will be reimbursed.

30 NOVEMBER-4 DECEMBER 1981

14-18 JUNE 1982

18-22 JANUARY 1982

20-24 SEPTEMBER 1982

8-12 NOVEMBER 1982

THESE Courses will be given in the new Temporal Bone Surgical Dissection Laboratory of the Department of Otorhinolaryngology and the Kresge Hearing Research Institute of the University of Michigan.

These intensive one week courses will emphasize the surgical and anatomical approaches to the temporal bone and will be presented in a manner relevant for the otologic surgeon, utilizing lectures and videotape presentations of surgical techniques, as well as temporal bone dissection.

Both mornings and afternoons will be spent in the dissection laboratory, thereby giving extensive drilling experience in both temporal bone anatomy and surgical techniques. Lectures and demonstrations will be provided by members of the faculty of the Department of Otorhinolaryngology and Kresge Hearing Research Institute, thereby uniquely blending basic science and clinical otologic instruction. Drill handpieces and dissection instruments will be provided.

The fee for these courses will be \$1,000.00 for each physician.
