Age-specific suicide mortality following non-fatal self-harm: national cohort study in Sweden
Tidemalm D, Björklund K, Dahl R, Varis M, Lichtenstein P, Långström N & Runeson B
1699

Polygenic risk, stressful life events and depressive symptoms in older adults: a polygenic score analysis
Mulliner K, Saltbones F, Judy JA, Priecca M, Goes FS & Zandi PP
1709

Childhood somatic complaint predict generalized anxiety and depressive disorders during young adulthood in a community sample
Shanahan L, Zucker N, Copeland WE, Bandy CL, Egger H & Costello EJ
1721

Prefrontal hypoxiaactivation during working memory in bipolar I depression
Brooke BH, Voelke N, Pardal C, Townsend JD, Bookheimer SJ & Adhikari L
1731

Cognitive performance and the course of depressive symptoms over 5 years of follow-up the SMART-MR study
Koelstra M, Judd HF, Grool AM, Zinmond M, Bessette JL, van der Graaf Y, Gheorghies M on behalf of the SMART-MR Study Group
1741

Hypersomnia subtypes, sleep and relapse in bipolar disorder
1751

Is acetylcholine in schizophrenia associated with a deficit of dorsal caudate activity? A functional magnetic resonance imaging study during reward anticipation and feedback
1765

Prenatal marijuana exposure, age of marijuana initiation, and the development of psychotic symptoms in young adults
Day NL, Goldscheidt L, Day R, Lakhey C & Richardson GA
1779
INSTRUCTIONS FOR CONTRIBUTORS

SUBMISSION OF MANUSCRIPTS
Manuscripts should be submitted online via our manuscript submission and tracking site, http://www.editorialmanager.com/psm/. Full instructions for electronic submission are available directly from this site. To facilitate rapid reviewing, communications for peer review will be electronic and authors will need to supply a current e-mail address when registering their manuscripts. Papers for publication from Europe (except those on genetic topics, irrespective of country), and all papers on imaging topics, should be submitted to the UK Office.

Papers from the Americas, Africa, Asia and the Middle East (except those dealing with imaging topics) and all papers dealing with genetic topics, irrespective of country, should be sent to US Office.

Generally papers should not have text more than 4500 words in length (excluding sections) and should not have more than a combined total of 5 tables and/or figures. Papers shorter than these limits are encouraged. For papers of unusual importance the editors may waive these requirements. A structured abstract of no more than 250 words should be given at the beginning of the article using the headings: Background; Methods; Results; Conclusions. The name of an author to whom correspondence should be sent must be indicated and a full postal address given in the footnote. Any acknowledgements should be placed at the end of the text (before the References section).

Declaration of Interest: A statement must be provided in the acknowledgements listing all financial support received for the work and, for all authors, any financial involvement (including employment, fees, share ownership) or affiliation with any organization whose financial interests may be affected by material in the manuscript, or which might potentially bias it. This applies to all papers including editorials and letters to the editor.

Contributors should also note the following:
1. S.I. units should be used throughout in text, figures and tables.
2. Authors should spell out in full any abbreviations used in their manuscripts.
3. Foreign quotations and phrases should be followed by a translation.

REFERENCES
(1) The Harvard (author-date) system should be used in the text and a complete list of References cited given at the end of the article. In a text citation of a work by more than two authors cite the first author's name followed by et al. (but the names of all of the authors should be given in the References section). Where several references are cited together they should be listed in rising date order.
(2) The References section should be supplied in alphabetical order (authors' names in bold), journal titles in full, following the text. Some examples:

(Online citations)
Doi citation is the preferred online print to published issue.
