Genet. Res., Camb. (1987), 49, pp. 11–18

*A latitudinal cline in P–M gonadal dysgenesis potential  
in Australian Drosophila melanogaster populations*

BY IAN A. BOUSSY

Figures 1 and 2 have been interchanged with their legends. Thus the maps shown as Fig. 2 belong to the legend of Fig. 1, and should be labelled Fig. 1, and vice versa.
